2.2 UNION SECURITY

2.2.1 All members of the bargaining unit represented by the Association shall, as a condition of employment, pay fees of not less than one dollar per year, the actual amount to be determined from time to time by the Association.

2.2.2 The above provisions of this Agreement shall not be construed as requiring any member of the bargaining unit represented by the Association to become a member of the Association.

2.6.2 The University-College shall continue to pay the faculty member his/her full salary and benefits while serving the Association or F.P.S.E.

2.6.3 *Leave of Absence for University-College Committees*

2.8 CONTRACTING OUT

The University-College will not contract out:

(a) any work presently performed by the employees covered by a collective agreement which would result in the layoff of such employees, including a reduction in assigned workload, or

(b) the instructional activities that are contained in the programs listed and/or funded in the approved annual institutional program profile and that are currently performed by bargaining unit employees.

4. CATEGORIES OF EMPLOYEES

4.1 CLASSIFICATION OF EMPLOYEES

For the purpose of identification within this agreement only, the terms "Regular Faculty Member" and "Temporary Faculty Member" are defined in Articles 4.1.1 and 4.1.2, and the primary areas of responsibility of the "University-College professor", "Instructor" and "Non-instructional Faculty Member" are set out in Articles 4.2.1 and 4.2.2.

4.1.1 Regular Faculty Member

4.1.1.1 The term "regular" shall refer to faculty with a renewable contractual appointment of one year or more. Regular full-time faculty are those with original appointments or subsequent appointments with mutual agreement of the University-College and the faculty member specifying a full-time workload. Regular part-time faculty are those with original appointments or subsequent appointments with mutual agreement of the University-College and the faculty member specifying less than a full-time workload.

4.1.1.2 References to regular faculty in this collective agreement include regular full-time and regular part-time faculty unless either is specifically excepted.

4.1.2 Temporary Faculty Member

A temporary faculty member is a faculty member with a contractual appointment of one year or less.

4.2 INSTRUCTIONAL AND NON-INSTRUCTIONAL EMPLOYEES

4.2.1 The primary responsibilities of the University-College Professor/Instructor are to prepare and to teach courses and programs within his/her area of competence, and to tutor, advise and evaluate students.

4.2.2 Non-Instructional Faculty are those faculty members whose primary responsibility lies specifically in an area other than instruction. Included in this group are the Librarians, Counsellors and Technicians.

4.2.2.1 Categories of Technicians

4.2.2.1.1 Technicians are classified into three broad categories based on the kind of work they typically do:

- Laboratory demonstrators and classroom assistants;
- Information technologists; and
- Student service specialists.

These categories are independent of seniority groups. Nothing in these categories will in any way alter established seniority groups.

These categories do not apply to any existing positions that are not currently classified as technicians.

a) Laboratory demonstrators and classroom assistants

These are technicians employed by individual departments and faculties and whose primary assignments are to:

- i) order, maintain and organize specialized equipment, supplies and materials on behalf of a program;
- ii) set up equipment and materials for laboratories and classes according to the directions of a University-College professor/instructor or program Chair and to accepted safety standards and procedures;
- iii) assist with the instruction, supervision and evaluation of students in laboratory, seminar and fieldwork classes under the general supervision of a course University-College professor/instructor or program administrator.

Laboratory demonstrators and classroom assistants can be distinguished from University-College professors/instructors because only the latter can have independent authority for a course and course grades. Technicians can at most have shared responsibility for a minor portion of a course grade.

b) Information Technologists

These are technicians employed by institution-wide service departments and whose primary assignments are to:

- i) play an active role in testing and evaluating new information technologies for use across the institution;
- ii) deploy, support and troubleshoot various information technologies across the institution;
- iii) develop procedures and training that assist students, faculty and staff to use various information technologies more effectively.

Information technologists can be distinguished from support staff who use a more limited range of information technology skills to perform more specific or routine tasks—for example, web site design; routine installation, upgrading and repair of hardware and software; and first-response helpdesk support. (As understood here, “routine” tasks are those that can be handled, with little risk of complications, by a person without technician qualifications carrying out a simple and straightforward set of instructions that has been prepared with the assistance of a technician.)

c) Student Service Specialists

These are technicians who are employed by instructional and service Departments and whose primary assignments are to:

- i) organize and administer training and employment related field placements for students in situations where status or specialized disciplinary knowledge is essential for the success of the placement program; or
- ii) implement programs and advise students in specialized ways that can affect the ability of students to complete programs successfully; or
- iii) serve as an Elder; or
- iv) serve as a simultaneous Interpreter for the Deaf. A person serving as a simultaneous Interpreter for the Deaf who has successfully completed a two year Diploma Program from a recognized educational institution or equivalent shall be a member of the MFA bargaining unit.

Student service specialists may be distinguished from University-College professors/instructors who might do some of these duties as a minor part of their responsibilities and from support staff who perform similar tasks but do not require status or specialized disciplinary knowledge to do the job effectively.

5. GRIEVANCE PROCEDURES AND ARBITRATION

5.1 GRIEVANCE PROCEDURE - GENERAL

5.1.1 Differences between the parties bound by this agreement concerning its interpretation, application, operation or any violation thereof, and any questions as to whether any matter is arbitrable shall, if possible, be resolved by informal discussions.

5.1.2 Grievance Procedure – Steps

If the dispute has not been resolved by informal discussions the Association may, within seventy-five (75) days after the Association became aware of the circumstances giving rise to the complaint, but in no event later than one year after the circumstances giving rise to the complaint, initiate a formal grievance as follows:

Step 1

The Chair of the Committee of Personnel Stewards shall provide the grievance in writing, including the proposed remedy, to the Director of Human Resources. The Chair of the Committee of Personnel Stewards shall meet with the applicable Dean, Director, or Administrative Supervisor and a designate of Human Resources who shall endeavour to settle the grievance. The Employer shall, within ten (10) working days of the meeting, respond in writing. Either party may elect to waive Step 1 and move directly to Step 2.

Step 2

Failing a resolution at Step 1, the Chair of the Committee of Personnel Stewards may, within ten (10) working days meet with the applicable Dean, Director or Administrative Supervisor and the Director of Human Resources who shall endeavour to settle the grievance. The Employer shall have ten (10) days to provide a written response.

Step 3

Failing a resolution at Step 2, the Chair of the Committee of Personnel Stewards may, within ten (10) working days meet with the applicable Dean, Director or Administrative Supervisor, the applicable Vice-President and Director of Human Resources who shall endeavour to settle the grievance. The Employer shall have twenty (20) working days to provide a written response.

Step 4

Failing a resolution at Step 3, the Chair of the Personnel Stewards may, within thirty (30) working days refer the grievance to arbitration.

- 5.1.2.2.1 The timelines for the meetings and responses in Steps 1, 2, 3, and 4 may be extended by mutual agreement. Such agreement shall not be unreasonably withheld.
- 5.1.2.2.2 Unless extended by mutual agreement, time limits in the grievance and arbitration procedure are mandatory. Failure to initiate a grievance in a timely manner will result in the grievance being deemed abandoned. In the event that a grievance once initiated is not processed by either party within the time limit specified the grievance will be considered to have been advanced to the next step.
- 5.1.2.2.3 It is the expectation of the parties that before submission to arbitration, the grievance shall have been discussed in the grievance procedure.
- 5.1.2.2.4 The time limit provisions in this Article do not impact any remedy arguments either party may choose to make in connection with any continuing grievance(s) filed pursuant to this Article.

5.2 MEDIATION

- a) The parties may by mutual agreement, submit a grievance or matter in dispute to a mutually agreed upon mediator at anytime.
- b) Any such mediation process shall be without prejudice to either party.
- c) The expense of grievance mediator shall be equally shared by the parties.

5.3 ARBITRATION

5.3.1 The parties agree to a preference for sole-arbitrator hearings. However, should either party determine that a particular case warrants it, they may opt for a three-person arbitration board by communicating that decision, in writing, to the other party prior to agreement on a named sole arbitrator.

5.3.2 The expenses of the arbitrator or chairperson of the arbitration board shall be shared equally. The parties shall bear the expenses of their respective nominees.

5.3.3 **Powers of Arbitrator**

5.3.3.1 The decision of the Board of Arbitration shall be binding upon the parties, but in no event shall the Board of Arbitration have the power to alter, modify or amend this Agreement in any respect. The Board shall have the power to determine whether the grievance is arbitrable.

5.3.3.2 The Board of Arbitration has the same powers, follows the same procedures and has the same authority as an arbitration board under the *Labour Relations Code of British Columbia*. The Board of Arbitration shall give full opportunity to all parties to present evidence and make representation to it. The Board of Arbitration shall commence its proceedings as soon as possible. The decision of a majority shall be the decision of the Board of Arbitration.

6. SENIORITY, PROMOTIONS, HIRING AND LAYOFFS

6.1 PROBATIONARY EMPLOYEES

6.1.1 First Regular Faculty Appointments

Initial appointments for all regular faculty are for a probationary period of two years.

6.2 CALCULATION OF REGULAR SENIORITY

6.2.1 The means of establishing seniority within the bargaining unit, as defined in Article 2.1 of this agreement, shall be:

"Seniority is defined as full-time years of continuous University-College service within the bargaining unit, inclusive of approved leaves or exchanges. Any regular faculty member whose continuous University-College service included temporary status shall have this time calculated on a cumulative basis (e.g. 2 years at half-time = 1 year at full-time)." (It should be noted that in lay-off considerations discussed in Article 6.6, seniority shall override contract renewal dates.)

6.2.2 Full-time appointments of at least 32 weeks shall be considered equal and equivalent to one full unit of seniority credit.

6.2.3 When a faculty member is given a regular contract after serving at Malaspina on a temporary contract, the time served under the temporary contract shall be counted towards the faculty member's seniority to a maximum of 0.125 credits less than the regular seniority credits of the regular faculty member(s) with the least seniority in the seniority group(s) as of the last day of the biweekly pay period ending immediately prior to the effective date of the regular contract providing the regular contract commences within ten months of the last temporary contract.

6.2.4 Seniority shall be represented as credits such that one credit equals one year of full-time service. No faculty member shall accumulate more than one credit in one year. Partial credit (without limitation of size of fraction) shall be given in those cases where leaves or appointments other than a full-time appointment have occurred. The date of original

appointment continuous with the current appointment shall be printed with the seniority credits.

6.2.5 Assignment to Seniority Group

The terms of the original appointment of any Association member shall include assignment to a seniority group.

6.2.6 Assignment of existing faculty to a seniority group will be in accordance with the major instructional or non-instructional regular assignment over the past two (2) years, excluding temporary secondments. Faculty members with ongoing appointments in more than one seniority group will accumulate seniority equivalent to their full appointment in each of the seniority groups to which they are appointed. This shall be determined by November 30th of each year. A copy of the list shall be forwarded to the Chief Personnel Steward of the Association, and a further copy distributed to each instructional and non-instructional group. All new faculty appointments, courses, programs or services will be assigned to a seniority group at the time of appointment or implementation.

6.2.7 Time spent on professional development assisted and unassisted leaves (as approved as professional development by the appropriate authority when the leave was determined to be P.D. Leave) or exchanges shall be calculated towards seniority with full credit. Sick leaves and maternity and parental leaves shall be calculated towards seniority with full credit up to fifteen (15) months maximum.

6.2.8 The seniority groups currently agreed upon are:

6.3 JOB POSTINGS AND VACANCIES

The University-College shall provide, to the Association, a copy of all job postings and of all appointment forms at the time they are processed in Human Resources.

6.4 HIRING PROCEDURES

6.4.1 Recruitment of Faculty

6.4.1.1 References to Vice President in this Article shall include the Vice President(s) Academic and, where appropriate, the Vice President of Administration/Bursar.

6.4.1.2 "The appropriate senior administrator(s)" shall refer to the Dean(s), or Director(s), or Regional Campus Principal(s) who take(s) the responsibility designated in Article 6.4.1.5.

6.4.1.3 Where a position to be filled is a regular position, the appropriate senior administrator shall develop the job posting after effective consultation with members of the department.

6.4.1.4 Should there be any substantial changes in a posted or advertised position in the terms or length of appointment prior to the position being offered an applicant, the position shall be re-posted and re-advertised. Such changes do not include changing the position from permanent to temporary.

6.4.1.5 All applications for instructional and non-instructional positions shall be indexed by the Director of Human Resources. Files of applicants shall be maintained in the office of the Director of Human Resources and shall be made available to the appropriate senior administrator(s) and Chair(s), subject to the maintenance of strict confidentiality.

6.4.1.6 The appropriate senior administrator(s) shall be responsible, in cooperation with a Selection Committee consisting of her/himself, the appropriate Chair(s) and faculty members from the appropriate department(s) or service group(s), for developing procedures to screen applicants, preparing a short list of applicants, conducting interviews, and making recommendations of candidates for each position.

Requirement for a Selection Committee may be waived with the

mutual agreement of the appropriate senior administrator(s), the appropriate Vice President and the appropriate department(s) or service group(s).

If the position to be filled is a regular one, a faculty member from outside the department(s) or service group(s) under consideration (preferably from outside the area(s) of responsibility of the senior administrator(s) concerned) shall be included in the process described in Article 6.4.1.5.

- 6.4.1.6(a) A temporary faculty member will be granted an interview for a regular position being filled through the recruitment process set out in Article 6.4.1 subject to the following conditions:
- a) The faculty member's last evaluation was satisfactory.
 - b) The faculty member meets the minimum qualifications established for the position.
- 6.4.1.7 The Chair of the Selection Committee shall advise the appropriate member of the Executive of the short-listed candidates for a regular position. Candidates on the short list are then invited to the campus by the Chair of the Selection Committee.
- 6.4.1.8 The Chair of the Selection Committee or designate, with due regard to confidentiality, shall coordinate visits to the University-College by the short-listed candidates for a regular position. The Chair shall attempt to ensure the appropriate member of the Executive and other relevant individuals and groups in the University-College have the opportunity to meet the candidate and to express to the Chair their views on each candidate. The Chair shall ensure a record is maintained of any such information presented and that record shall form part of the documentation for the selection process.
- 6.4.1.9 The Chair of the Selection Committee, in co-operation with the Selection Committee, shall make recommendations to the Vice President for a regular appointment, and the Vice President, if he/she approves, shall recommend to the President that the formal offer of appointment be made. Dissenting views shall accompany recommendations of the appropriate senior administrator(s) and Vice President.
- 6.4.1.10 The procedure for the initial placement of a new faculty member on the salary schedule is described in Article 11.4.

- 6.4.1.11 In the recruitment of temporary faculty, the responsibilities identified for the Vice President may be carried out by the appropriate senior administrator(s).
- 6.4.2 Selection of University-College Administrators
 - 6.4.2.1 Appointments of the Vice Presidents of Instruction, Deans of Instruction, Directors and Regional Campus Principals shall be made according to the College and Institute Act. It is recognized however that such persons should be appointed only after wide consultation within the University-College community. Therefore in order to assist the University-College Board in the selection of a Vice President a Selection Committee which shall include faculty representation shall be constituted. These faculty representatives shall be selected by the faculty.
 - 6.4.2.2 Selection of Academic Administrators
 - 6.4.2.2.1 This provision applies only to Academic Administrators other than at the Vice-Presidential level and above. Appointments of Academic Administrators shall be made only after wide consultation with the University-College community and, specifically, after consultation with the members of a Faculty or area(s) reporting to the administrator. Appointees are expected to hold appropriate academic qualifications as specified for the position.
 - 6.4.2.2.2 Appointments of Academic Administrators shall be open to internal and external applicants.
 - 6.4.2.2.3 The selection committee for an Academic Administrator will have a minimum of one Association Member on it providing that that Academic Administrator supervises at least one MFA bargaining unit member. If the Academic Administrator also supervises members of the BCGEU, then there shall be at least one member of the BCGEU on the selection committee. There shall be at least one member of CUPE on the selection committee. At least two thirds of the selection committee membership shall be selected by and from the unionized employees supervised by the Academic Administrator. The percentage of Association members on the selection committee shall not be less than two thirds multiplied by the percentage of employees supervised by the Academic Administrator who are members of the MFA Bargaining Unit in that specific Faculty. The selection committee shall be chaired by

the person to whom the Administrator reports.

6.4.2.2.4 Academic Administrators' rights to a teaching position:

a) An Academic Administrator shall have the right to assume a teaching position in the bargaining unit on the completion of his or her appointment providing that the duration of that appointment, including renewals, is at most 10 years.

b) The selection process will involve a representative selection committee that will shortlist candidates, conduct interviews, and make recommendations to the President.

c) An external candidate shall not be short-listed for a position as an Academic Administrator unless the department into which the Academic Administrator would have the right to assume a teaching position determines that he or she is qualified to teach in that department.

d) When an Academic Administrator completes his or her term(s), if he or she wishes to assume a faculty position, a regular position in his or her discipline shall be created if there is no suitable vacant position available. Where the Academic Administrator was a member of the MFA prior to selection as an Academic Administrator, he or she has the right to return to his or her original position as a faculty member with full seniority.

e) If an externally hired Academic Administrator is successful in being renewed, that Academic Administrator shall start to accrue MFA seniority at the start of the second appointment.

6.4.2.2.5 Terms for Academic Administrators shall be at most 5 years in duration and may be renewed for further terms of at most 5 years in duration. For an Academic Administrator to be renewed, that Academic Administrator must receive at least 60 percent approval of those casting a ballot in a secret ballot of the employees supervised by the Academic Administrator.

NOTE: This does not retroactively change the duration of the term of any existing senior administrator

6.4.2.3 Selection and appointment of the University-College President is the duty and responsibility of the University-College Board. It is

recognized however that the President should be appointed only after wide consultation within (and perhaps outside) the University-College community. Therefore in order to assist the University-College Board in this task a Search Committee which shall include faculty representation shall be constituted. These faculty representatives shall be selected by the faculty.

6.4.2.4 Additional staff, student, or community representatives, up to a number equal to the number of Association members on the Search Committee for the President may also be invited by the Committee, as constituted in Article 6.4.2.2, to serve as voting members of the Committee.

6.4.2.5 It shall be the responsibility of the Search Committee to recommend a short list to the University-College Board or President for appointment to the office in respect to which it is struck.

6.4.3 Selection of Vice-President Academic and Vice-President of Student Services

6.4.3.1 Appointments of the Vice-President Academic and the Vice-President of Student Services shall be made according to the College and Institute Act. It is recognized however that such persons shall be appointed only after wide consultation within the University-College community. Therefore, in order to assist the President in the selection of a Vice-President Academic and a Vice-President of Student Services a Selection Committee, which shall include faculty representation, shall be constituted. These faculty representatives shall be selected by the faculty in accordance with procedures established for Education Council Elections. No two elected faculty will come from the same Faculty or service group. The number of faculty on the Committee shall be not less than 25% of the Committee exclusive of those faculty members who may be appointed by the University-College. In addition, the MFA President or designate shall be appointed to the selection committee.

6.5 TRANSFERS

6.5.1 Internal Transfer

6.5.1.1 “Internal Transfer” means transfer either to an excluded position or to a position within another bargaining unit at the University-College.

6.5.1.2 Faculty members may accept internal transfer and shall accrue seniority for a maximum of three consecutive years.

6.5.1.3 Upon completion of the internal transfer, faculty shall return to full status within the Association for a period of one year or the length of assignment, whichever is less, before accepting another internal transfer.

6.5.1.4 Faculty who continue on internal transfer for a period greater than three consecutive years shall lose all seniority credits within the Association Bargaining Unit.

6.5.1.5 The University-College shall not use reassignment or internal transfer for the purpose of attempting to circumvent its obligation under the Collective Agreement.

6.5.2 In the case where a faculty member works within more than one seniority group he or she shall be considered to be on loan from that seniority group consistent with the member's original appointment and he or she shall revert back to that group when the assignment in the other unit he or she is filling is terminated.

6.5.3 Home Campus

Within this agreement home campus shall refer to the campus at which a regular faculty member was originally appointed to undertake the majority of his/her designated duties. A regular faculty member may have his/her home campus changed only on the consent of that faculty member and agreement of the appropriate Senior Administrator. The Chief Personnel Steward of the Association shall be informed of any transfer of home campus prior to that transfer. Compensation for transfer of home campus shall be as stated in Article 6.5.4.

6.5.4 Transfer Expenses

Employer initiated transfer to a campus other than the one which a faculty member was originally assigned shall be assisted by the University-College in the form of, but not limited to, moving expenses which shall include the cost of moving and insuring the move of household furniture and personal effects to a maximum of \$2,500.00.

6.6 LAY OFF

6.6.1 Reasons For Lay Off

6.6.1.1 Elimination of regular positions by the University-College for budgetary reasons, for reasons of demonstrable and substantial declining enrolment over a sustained period, and for reasons of a demonstrable need for program or service reduction, including the non-viability of non-teaching positions as a result of the preceding, will be carried out in accordance with this section.

6.6.1.2 This section does not include the elimination of regular faculty members through suspension, leave of absence, exchanges, resignations or those circumstances covered under Articles 7 and 8.

6.6.2 Application

All faculty, whether or not they are on leave, shall be subject to the conditions of this section.

6.6.3 Definitions

The following definitions apply throughout Article 6.6:

6.6.3.1 "Lay off" refers to the loss of the employment specified in a faculty member's regular contract.

6.6.3.2 "Seniority" is defined in Article 6.2.1 of this agreement.

6.6.3.3 "Bumping" is defined as the displacement of a faculty member in another department, program or service area, by a member with more seniority within the Association bargaining unit.

6.6.4 Seniority Principle and Seniority Groups

It is recognized that the principle of seniority shall govern the application of this Article.

6.6.4.1 It is recognized that the selection of faculty members to be laid off within one of the groups identified in Article 6.2.8 shall be in reverse order of seniority subject to the senior employee(s) having the qualifications to perform the remaining work available within the group following the effective date of lay off.

6.6.4.2 Notwithstanding the above, no faculty member employed by the University-College as at May 1, 1993 who has at least fifteen years of seniority will be laid off if there are junior faculty members remaining in the group to which the faculty member is assigned.

- 6.6.4.3 Faculty with more than 15 years of seniority, as of May 1, 1993, will not be laid off except in cases where a particular program is cancelled by the government or there is a demonstrable and substantial declining enrolment over a sustained period, or in a non-instructional area where there is no longer a demonstrable need for the service.
- 6.6.5 University-College Responsibilities
 - 6.6.5.1 It is recognized that the University-College has a responsibility to explore all alternative ways of preventing the lay off of regular faculty members.
 - 6.6.5.2 It is further recognized that the University-College must have bona fide reasons for the lay off of regular faculty members.
 - 6.6.5.3 The University-College shall not prepare budgets in such a way that any faculty position or alternative position is financially unsupportable for the purpose of bypassing the steps outlined in Article 8.2.1.
- 6.6.6 Lay Off Process & Responsibility for Notice
 - 6.6.6.1 When the lay off of faculty members appears to be necessary, the following process shall be followed during the academic year in which the lay off may occur:
 - 6.6.6.1.1 A general notice of the possibility of lay offs which impact Association members shall be given to the Association by the President of the University-College as early as possible.
 - 6.6.6.1.2 Not later than at the time of formal notice being given to a faculty member the Administration shall provide a written outline of the reasons for the proposed lay off to the faculty member and to the Chief Personnel Steward of the Association.
 - 6.6.6.1.3 A faculty member being terminated from his/her position shall be given formal written notice of the lay off at least four (4) months prior to the effective date of lay off being served.
 - 6.6.6.1.4 All alternatives to the lay off of the faculty member involved shall be explored at this time by both the University-College and the Association. The Chief Personnel Steward of the Association shall be provided with all data and material relied upon by the

University-College in arriving at this decision. The Association can, within twenty (20) working days of receiving formal written notice of the lay off, make a presentation to the University-College, outlining alternatives to the lay off of the faculty member.

- 6.6.6.1.5 The implementation of any of the alternatives identified above must be agreed to by:
- a) The Faculty Member;
 - b) The Chief Personnel Steward of the Association;
 - c) An appropriate senior administrator.

The University-College shall not unreasonably deny any viable alternative.

- 6.6.6.2 When lay off for reasons of demonstrable and substantial declining enrolment is contemplated, the University-College shall notify the Association and the Faculty member involved by a minimum of six (6) months prior to formal notice of lay off.

- 6.6.6.3 When written notice is given to the faculty member, the University-College shall provide the reasons for lay off and inform the faculty member of his/her rights as outlined in these Articles.

6.6.7 Bumping (Displacing) of Less Senior Faculty Members

- 6.6.7.1 A faculty member who has been given notice of lay off shall be eligible to bump across the bargaining unit if:

- a) The faculty member has the current qualifications for the position in question. The qualifications of the faculty member shall be assessed by a hiring committee as outlined in Article 6.4.1.5. This committee shall be responsible for the assessment of whether the faculty member has the qualifications normally required to work in that department or service area.

If a faculty member is found to generally meet the qualifications but lacks currency in the field or specific course work in a required specialty area, the faculty member will file a one year plan to attain currency or course work. If this plan is approved by the hiring committee and the faculty member has had three (3) years or more of full-time service with the University-College, she or he shall receive an assisted leave in accordance with the provisions of Articles 12.3.1(c) and 12.4; and

- b) There is a faculty member with less seniority in the position.

6.6.7.2 A faculty member who is eligible and elects to bump into another position shall:

- a) make that decision within ten (10) working days of receipt of formal notice of lay off; and
- b) bump the least senior member of the seniority group in a position for which they are qualified.

6.6.7.3 A faculty member who is displaced by the operation of Articles 6.6.7.1 and 6.6.7.2 shall have:

- a) ten (10) working days to exercise his/her rights under Articles 6.6.7.1 and 6.6.7.2; and
- b) written notice of lay off if the faculty member is unable or chooses not to exercise his/her rights under Article 6.6.7.1. Length of notice shall be as outlined in Article 6.6.6.1.4; and
- c) eligibility for all provisions accorded laid off faculty (Articles 6.6.7 through 6.14).

6.6.8 Employee Records of Laid Off Faculty Members

The records of all faculty members laid off hereunder, and all references supplied by the University-College or requested by outside agencies, will clearly state that the lay off in no way reflects upon the performance of the person in question.

6.6.9 Expiry of Rights

A faculty member who is laid off under this section and is rehired by the University-College subsequent to the expiry of a retraining leave and/or the recall period shall be treated as a new employee for all purposes.

6.7 SEVERANCE PAY

Upon lay off, the faculty member shall receive severance pay of one

month's salary for each year of service at the University-College, with a minimum of two (2) months salary to a maximum of ten (10) months, plus earned vacation pay accrued to the date of lay off. Years of service shall be defined as equal to the faculty member's seniority.

6.10 SENIORITY RETAINED

Should a faculty member be transferred on an ongoing basis into a position under another seniority group within the bargaining unit, all the seniority credits accumulated during the previous years under the same or other seniority groups within this bargaining unit shall all be transferred at the time the member accepts the transfer. Transfer shall not be used to circumvent the layoff provisions of Article 6.6.

6.11 RECALL

6.11.1 Any faculty member who has been laid off will have right of recall to a regular position for which he/she is qualified. The right of recall shall extend for twenty-four (24) months from the date of lay off. The obligation for notice of recall shall be by registered mail to the last provided address, with a twenty working day waiting period from the date of mailing.

6.11.2 Any faculty member who accepts a recall to a regular position under this section will resume their employment with no loss in seniority. Any future eligibility for severance under this Article will be calculated from the date employment resumed.

6.11.3 Within a seniority group in which there has been a lay off of a regular faculty member, the University-College shall not employ temporary faculty members for the subsequent two (2) years unless all faculty members laid off from that group have been offered such temporary work. Acceptance of such temporary work will not change the period of recall.

6.11.4 A faculty member who has been laid off and who, during their recall period, receives a temporary assignment shall be appointed on a temporary basis.

That faculty member shall have the right of first refusal for any temporary work for which s/he is qualified within his/her department, up to the level of his/her regular workload prior to lay off, before any part-time regular faculty member in that department exercises the right of refusal for the available temporary work.

At the end of the recall period all regular and temporary seniority shall be converted to temporary seniority.

6.13 RETRAINING

6.13.1 Faculty who have been laid off pursuant to this Article may elect to retrain, subject to mutual agreement as in Article 6.6.6. If a retraining plan is agreed to in accordance with the above, the faculty member shall receive that amount equivalent to the combined severance and vacation pay entitlement, allocated in such a manner as to provide a payment plan during the retraining period. The total of such payment shall not exceed the amount of the combined severance and vacation pay the faculty member would be entitled to under Article 6.7. Continuation of health and welfare benefits shall be subject to:

- a) the faculty member meeting the eligibility requirements of existing contracts with insurance carriers; and
- b) the faculty member prepaying by way of post-dated cheques to the University-College the total cost of such benefits.

6.13.2 The maximum period of leave for retraining shall be two (2) years except where the retraining programs involves a Ph.D. program in which the maximum period of such leave shall be three (3) years

6.13.3 During the academic year following the completion of the leave, the University-College will agree to appoint the faculty member to any vacancy for which she/he becomes qualified. Where more than one faculty member becomes qualified for a vacancy as a result of retraining, priority for such vacancies will be on the basis of seniority. Retrained faculty will also be able to displace regular faculty with less than three (3) years seniority from established regular positions for which she/he becomes qualified.

6.13.4 Faculty members who are reinstated as a result of retraining will resume their employment on a regular basis, with no loss in seniority. Any future notice or severance under this Article will be calculated from the date regular employment resumed.

Subject to budgetary constraints and the amount of funding available for labour adjustment costs; fairness, flexibility and employee choice will prevail in the implementation of labour force adjustment strategies as approved by the institution.

7. EVALUATION

7.1 PURPOSE OF EVALUATION

The intent of these procedures is to maintain excellence of instruction at the University-College, to provide the means whereby less than satisfactory professional performance (except those performance concerns which are dealt with through the disciplinary process) can be recognized and remedied, and, in general, to provide information on faculty effectiveness.

7.2 EVALUATION OF NEW REGULAR FACULTY

7.2.1 New faculty shall receive an initial two-year appointment and shall be on probation during this period. A Formative Evaluation will be completed by no later than the end of the first year. A Summative Evaluation will be completed by the end of the probation period.

7.2.2 The primary professional responsibilities of the University-College Professor/Instructor are to prepare and to teach courses and programs within his or her area of competence, and to tutor, advise and evaluate students. As well, all faculty are required to fulfill the following core duties:

- a) maintain posted office hours and be available to meet with individual students at other mutually agreed upon times;
- b) provide additional assistance to students in areas such as study skills, academic advising, special events, as well as recruitment and admission of students;
- c) remain current in his or her field;
- d) demonstrate participation in professional development and/or scholarly activity;
- e) participate in departmental and institutional activities.

7.2.3 In their first and second years, a review of performance will assess overall performance based on suitability and will include student surveys as well as any of the following in order to assess performance:

- a) Classroom observations. The timing of the classroom observations shall be subjected to agreement between the faculty member and the Appropriate Senior Administrator.
- b) Where applicable, interviews with students. The students to be interviewed shall be randomly selected. The interviews shall be done either individually or in groups of no more than five (5) students. The faculty member may send an observer to the interviews.
- c) Review of course materials.
- d) Discussion with Department Chair.

7.2.4 If in the summative evaluation, the Appropriate Senior Administrator determines that a faculty member's overall performance is unsatisfactory, the Appropriate Senior Administrator may invoke the terms of Article 7.2.7 or may indicate that the faculty member will be required and assisted to address the areas identified in the evaluation as requiring improvement by a development program specifically designed for the member. This program, as well as the timetable for implementing it, will be determined through a meeting between the faculty member and the Appropriate Senior Administrator. The faculty member may elect to invite an MFA shop steward or a colleague chosen by the faculty member. In such cases, the Appropriate Senior Administrator will Chair the meeting. At this meeting the Appropriate Senior Administrator will determine the time of a follow-up evaluation to determine whether the faculty member has been successful in addressing the areas identified as requiring improvement.

7.2.5 The probationary period for a probationary faculty member may be extended for up to a maximum of one (1) year if deemed necessary by the employer for exceptional circumstances.

7.2.6 If at the end of the two-year probationary appointment or the extended probationary appointment the faculty member's performance is satisfactory, then the faculty member will be given an ongoing appointment.

7.2.7 If at the end of the two-year probationary appointment or extended probationary appointment the faculty member's performance is determined by the Appropriate Senior Administrator to be unsatisfactory, the appointment will be terminated.

- 7.2.8 Nothing in this provision prevents the early termination of a probationary appointment for reasons of professional unsuitability/incompetence.

7.3 EVALUATION OF FACULTY ON REGULAR APPOINTMENTS

- 7.3.1 The Appropriate Senior Administrator may initiate and carry out evaluation procedures for a faculty member about whom a professional concern has arisen.

- 7.3.2 The following procedures will apply to a faculty member for whom an evaluation procedure is initiated pursuant to Article 7.3.1 above:

- a) The faculty member will be advised by the Appropriate Senior Administrator that a professional concern(s) has (have) arisen and that an evaluation procedure will be initiated. The faculty member will be given a summary description of the nature of the professional concern(s) that has (have) given rise to the evaluation procedures pursuant to Article 7.3.1.
- b) The Appropriate Senior Administrator will identify suggestions and/or resources which the faculty member may access or utilize in an effort to address the professional concern(s) giving rise to the invoking of the evaluation procedures pursuant to Article 7.3.
- c) The Appropriate Senior Administrator shall, at the end of the semester in which the notice was given pursuant to Article 7.3.2 a) above, consider whether or not the faculty member has sufficiently addressed the professional concern(s). If the Appropriate Senior Administrator determines that there is no longer any professional concern(s) a Formative Evaluation pursuant to Article 7.3.3 will not be required.

7.3.3 Formative Evaluation

- a) Commencing in the semester next following the semester in which notice was given to initiate evaluation procedures under Article 7.3.1 a Formative Evaluation will be conducted. The intent of this evaluation is to be formative and will identify areas requiring improvement. This evaluation will be concluded after two semesters of teaching following the semester in which the evaluation procedures were initiated in

Article 7.3.2.

- b) The evaluation pursuant to Article 7.3.3 will be based on the professional responsibilities outlined in Article 7.2.2 and assessed in accordance with Article 7.2.3. By agreement between the faculty member and the Appropriate Senior Administrator, the above may be supplemented by compendia of activities compiled by the faculty member and the Appropriate Senior Administrator.
- c) The Formative Evaluation will conclude with a meeting with the faculty member in which the faculty member will provide to the Appropriate Senior Administrator a proposed performance improvement plan addressing the areas requiring improvement. The faculty member may elect to invite an Association Shop Steward or a colleague chosen by the faculty member. This proposed plan shall be reviewed and every effort shall be made by those in attendance to provide input to the Appropriate Senior Administrator in the development of a performance improvement plan specifically designed for the faculty member, which shall be mutually acceptable to the Appropriate Senior Administrator and the faculty member. The faculty member shall not unreasonably refuse such agreement.

7.3.4 Summative Evaluation

7.3.4.1 A Summative Evaluation shall be commenced in the first semester in which he or she is teaching following the conclusion of the evaluation referred to in Article 7.3.3 above. This evaluation shall be concluded in the second semester following the semester in which the evaluation pursuant to Article 7.3.3 was concluded.

7.3.4.2 The basis of the Summative Evaluation shall be the same as outlined in Article 7.3.3 (b) above.

- 7.3.4.3
 - a) If the Summative Evaluation results in a satisfactory assessment the faculty member will continue with his or her ongoing appointment.
 - b) If the Summative Evaluation results in an unsatisfactory assessment the faculty member's appointment shall be terminated.

7.4 EVALUATION OF NEW REGULAR NON-INSTRUCTIONAL FACULTY

New faculty shall receive an initial two-year appointment and shall be on probation during this period.

Evaluation shall be carried out using methods appropriate to the particular assignment. Interviews with or questionnaires of students, clients and colleagues (where appropriate) and the relevant Appropriate Senior Administrator's assessments based on relevant job related activities shall constitute the basis of the evaluation process.

Whenever appropriate the provisions of Article 7.2 shall also apply to non-instructional faculty.

7.5 EVALUATION OF NON-INSTRUCTIONAL FACULTY ON REGULAR APPOINTMENTS

The Appropriate Senior Administrator may initiate and carry out evaluation procedures for a faculty member about whom a professional concern has arisen.

All of Article 7.3 shall also apply except for 7.3.3 (b). Interviews with or questionnaires of students, clients and colleagues (where appropriate) and the relevant supervisor's assessments based on relevant job related activities shall constitute the basis of the evaluation process.

7.6 EVALUATION OF TEMPORARY FACULTY MEMBER

A temporary faculty member may be evaluated at the Appropriate Senior Administrator's discretion or upon the request of the Program Coordinator or Department Chair.

Evaluation shall be carried out using methods appropriate to the particular assignment. (See Articles 7.2 and 7.4)

8. PERSONNEL RECORDS, DISCIPLINE, SUSPENSION AND DISCHARGE

8.1 PERSONNEL FILE

During normal working hours, and in the presence of a Human Resources Office staff member, every faculty member has the right of access to his/her personnel file.

8.2 DISCIPLINE

8.2.1 The employment of a faculty member shall not be terminated except for just cause.

8.2.2 The President or his designate shall state in writing the facts believed to constitute just cause for the disciplinary dismissal of a faculty member. When this statement is prepared, a copy shall be given to the faculty member and the Association Steward and the faculty member shall be advised of his/her right to seek the assistance of the Association.

8.2.3 Other Disciplinary Action

8.2.3.1 Other disciplinary action includes written censures and letters of reprimand. A faculty member shall be sent a copy of any such document (at the time of filing) placed on the faculty member's personnel file. The faculty member is to provide immediate written acknowledgment of receipt of the copy.

8.2.3.2 In response to any such documents placed in a faculty member's personnel file, a faculty member shall be entitled to prepare a statement and include it in said file.

8.2.3.3 Upon the faculty member's request, any such document shall be removed from the faculty member's personnel file after the expiration of three years or at the end of his/her current contract whichever is longer provided there has not been a further infraction.

8.3 FORMAL MEETINGS & DISCIPLINARY ACTION

8.3.1 Where the employer arranges a formal meeting with a faculty member which it expects will result in discipline, the faculty member will have the right to have a union representative present in such a

meeting.

- 8.3.2.1 Any alleged non-compliance with Article 8.3.1 shall not render void any disciplinary action but will result in a reconvening of the meeting with union representation. If a reconvened meeting becomes necessary only the information from the reconvened meeting shall be considered by the employer.

9. RENEWAL OF APPOINTMENT

9.2 APPOINTMENT OF TEMPORARY EMPLOYEES

9.2.1 Seniority of Temporary Faculty

A temporary faculty member whose initial evaluations have been satisfactory shall accrue seniority.

9.2.2 Accrual and Available Work

This clause applies to both non-instructional and instructional faculty.

Additional available work in the same department will be offered, on the basis of seniority, first to qualified regular faculty on lay-off who have recall rights under Articles 6.11.1 and 6.11.4 and then to qualified regular faculty who have less than full workloads. If there are two or more regular faculty with equal seniority, the allocation of available work will be made by a hiring committee as per Article 6.4.1.5.

9.2.3 The length of contract will reflect the specific needs of the department. Where work is required on a continuous basis, appointments will be without breaks.

9.3 LIMITATIONS ON USE OF NON-REGULAR POSITIONS

9.3.1 In those instances where the ongoing workload is sufficient, the University-College shall normally (and when budget permits) recruit and appoint regular, rather than temporary faculty members.

9.3.2 Where ongoing full-time work is created (e.g. through the addition of new programs) which can be filled by a single faculty member, a regular position will be created.

9.4 CONVERSION OF FACULTY (INSTRUCTIONAL AND NON-INSTRUCTIONAL) TO REGULAR STATUS

Nothing in Article 9.4 prohibits the Employer's right to regularize any position as it deems necessary.

9.4.1 Regularization of Temporary Faculty

9.4.1.1 Eligibility Requirements

A temporary pro rata faculty member shall be entitled to be converted to regular status where the temporary pro rata faculty member has worked not less than two consecutive academic years immediately preceding regularization with an annual workload of fifty percent (50%) or greater with work in each of the fall and spring semesters in each of those two consecutive academic years, provided:

- a) There is a reasonable expectation of ongoing employment for which the faculty member is deemed qualified pursuant to (c) below at a workload of not less than fifty percent (50%) of an annual full-time workload with work in each of the fall and spring semesters in the next academic year;
- b) The evaluations, if any, of the faculty member during the two consecutive academic years immediately preceding regularization have all been deemed satisfactory; and
- c) A duly constituted selection committee (Article 6.4.1.5), in the applicable seniority group(s), deems the faculty member qualified for the work available.

The academic year is deemed to commence August 1 and may include workload during the subsequent fall, spring and special session (intersession/summer) semesters.

For the purpose of determining eligibility for regularization, the following workload components will be excluded:

- i) Directed Studies;
- ii) Non-release section(s) of Prior Learning Assessment;
- iii) Overload;
- iv) Contract activity not related to the normal delivery of credit instruction during the fall and/or spring semesters;
- v) Courses taught outside the normal fall and spring semesters unless the course is required and designated to be taught in special session in the official program outline as approved by Education Council;

Should an evaluation of a temporary faculty member be deemed unsatisfactory and if the temporary faculty member continues employment, a subsequent accrual period for determining eligibility for conversion to regular status shall commence from the start of the semester following the semester in which the unsatisfactory evaluation was conducted.

9.4.1.2 Initial Regular Appointment

The initial regular appointment workload shall be based on the workload available at a minimum of the lesser amount of workload in each of the two qualifying years.

Where the regular appointment is for an annual workload of 50% or greater averaged over the academic year but the actual workload assignment is less than 50% in one semester (e.g., 75% Fall Semester and 25% Spring Semester), payment of salary shall reflect the variation in workload (e.g., 75% of full-time paid for six months and 25% of full-time paid for six months) and the faculty member will be responsible for paying both the employer and employee portions of benefit premiums in order to maintain benefit coverage during the period(s) where the actual workload is less than 50% (Article 13). If the reason for the workload falling below 50% in any one semester is due to the regular workload being assigned over more than two semesters during the appointment year (i.e., part of the workload is assigned during special session as per Article 10.2.1.2.2), salary payment and benefits will be averaged over the full appointment year. The initial regular appointment shall be for a probationary period of two years (Article 6.1.1).

9.4.1.3 Seniority

- a) Where a temporary faculty member is offered regular status pursuant to Article 9.4.1, the time served under the eligible temporary contracts and accrued as temporary seniority shall be counted towards the faculty member's regular seniority as described in Articles 6.2.1 and 6.2.3 of the Collective Agreement. Temporary seniority shall be counted to a maximum of 0.125 credits less than the regular seniority credits of the regular faculty member(s) employed as of four (4) months prior to the date of regularization with the least seniority in the seniority group(s) as of the last day of the biweekly pay period ending immediately prior to the effective date of the regularization.
- b) Should lay off subsequently be necessary and two or more faculty members have equal regular seniority credits within the seniority group affected, temporary seniority credits which were accrued to the date of regularization but were not eligible for conversion to regular seniority under Article 9.4.1.3(a) will be considered for the purpose of determining which of the faculty members with equal regular seniority is considered to be more senior. If, after considering any temporary seniority credits which were not converted to regular seniority, the seniority credits of two or more of the faculty members continues to be equal, the determination of the least senior faculty member shall be by chance.

9.4.2 Regularization of Temporary Workload for Regular Part-Time Faculty

9.4.2.1 Eligibility Requirements

A regular part-time faculty member shall be entitled to have his/her regular workload appointment increased on an ongoing basis where the regular part-time faculty member has been assigned a temporary increase in workload of twenty percent (20%)* or greater in addition to his/her regular part-time workload assignment for not less than two consecutive academic years, provided:

- a) There is a reasonable expectation of the continuation of the temporary workload for which the faculty member is deemed qualified at a workload of not less than twenty percent (20%)* of an annual full-time workload in the next academic year;
- b) The evaluations, if any, of the faculty member during the two consecutive academic years immediately preceding regularization have all been deemed satisfactory; and
- c) A duly constituted selection committee (Article 6.4.1.5), in the applicable seniority group(s), deems the faculty member qualified for the work available.

*If the appointment is 81% or greater, any percentage less than 20% will result in an increased regular workload to a maximum of 100%, provided all the criteria in this section are met.

The resulting regular workload cannot exceed a one-hundred percent (100%) workload.

The academic year is deemed to commence August 1 and include workload during the subsequent fall, spring and special session (intersession/summer) semesters.

For the purpose of determining eligibility for regularization, the following workload components will be excluded:

- i) Directed Studies;
- ii) Non-release section(s) of Prior Learning Assessment;
- iii) Overload;
- iv) Contract activity not related to the normal delivery of credit instruction during the fall and/or spring semesters;
- v) Courses taught outside the normal fall and spring semesters unless the course is required and designated to be taught in special session in the official program outline as approved by Education Council;

Temporary work preceding the date of the initial regular appointment will not be recognized for the purpose of determining eligibility for regularization.

- 9.4.3 It is acknowledged that courses shall not be scheduled for the primary purpose of avoiding provisions related to regularization.
- 9.4.4 If any temporary faculty member believes that the regularization provisions of the collective agreement have been violated (with respect to his or her assignment, including an assignment in replacement of a faculty member who has chosen to phase in his or her early retirement), he or she may request a review of the assignment by the Vice-President Academic & Research, who will render a written conclusion with a copy to the MFA Chief Personnel Steward.
- 9.4.5 In addition, the Vice-President Academic and Research will meet with the MFA Chief Personnel Steward by no later than March 31st of each year to review and analyze data related to regularization to assess the overall effects of the regularization provisions.
- 9.4.6 A faculty member will not be discriminated against in any future hiring as a result of a choice to exercise rights under Article 9.4.4.

10. HOURS OF WORK/WORKLOAD

10.1 ACADEMIC YEAR FOR REGULAR FACULTY MEMBERS

10.1.1 Regular faculty members are normally appointed on the basis of a twelve-month academic year which runs from August 1 to July 31.

10.1.2 University-College Professors

10.1.2.1 The instructional assignment for the academic year normally consists of approximately eight months. In addition to this instructional assignment, University-College professors shall normally (except under Article 12.2.3) spend two months on campus engaged in the preparation and review of courses, the interviewing of prospective students, professional development, the ordering of supplies and equipment, and other non-instructional activities of the University-College.

10.1.2.2 Newly appointed regular University-College professors shall normally commence duties on the campus on August 1 of their first contract year.

10.1.2.3 For the period between Christmas Day and New Year's Day when institutional services have been minimized, the normal attendance expectations of instructional faculty members will be relaxed provided that they have completed their duties.

10.1.3 Non-Instructional Faculty Members

10.1.3.1 The length of assignment for non-instructional faculty members shall normally be eleven months. However, for counsellors, librarians and librarians - Media Services the length of assignment shall normally be ten months.

10.2 WORKLOAD

10.2.1 Workload for Regular Instructional Faculty

10.2.1.1 High Quality Instruction

Malaspina University-College is committed to maintaining high quality instruction. It is recognized that faculty involvement in the

determination of realistic instructional workloads is important for the maintenance of a high quality of instruction at the University-College, and that excessive workloads shall result in a deterioration of that quality.

Several factors must be considered in determining faculty instructional workloads, including but not limited to: number of separate course preparations; type of course; number of students; number of contact hours with students; number and type of assignments; pedagogy and delivery (on-line, face-to-face, team teaching, shared teaching, etc.); program requirements; scholarly activity; nature and extent of non-instructional assignment. Faculty and departments are in the best position to recommend optimal workloads, and so faculty and departments, in consultation with their Dean, shall work towards acceptable overall workloads, taking into consideration the factors outlined above for instructional assignments, as well as scholarly activity and service.

10.2.1.2 Limitations on Faculty Workloads

10.2.1.2.1 Workloads shall be established within the following limits.

Maximum number of teaching hours per week = 16 (sixteen) averaged over two semesters.

Teaching hour is one hour of scheduled lecture, studio or lab time per week; one hour of unconventional teaching time (see Letter of Understanding, page 143) is equivalent to 2/3 of a teaching hour.

Maximum number of regular lecture classes (3 or 4 hours) = 8.

No temporary faculty member shall be required to accept a workload higher than as specified in Article 10.2.1.2.

10.2.1.2.2 University-College professors may be assigned portions of their workload in the two month work period during the semester in which holidays are taken (normally such assignments would occur during the May/June period).

10.2.1.2.3 All faculty as part of their professional responsibilities shall:

- a) maintain posted office hours and be available to meet with individual students at other mutually agreed upon times;
- b) provide additional assistance to students in areas such as study skills, academic advising, special events, as well as recruitment and

- admission of students;
- c) remain current in their field through demonstrated participation in professional development and/or scholarly activity;
- d) participate in departmental and institutional activities.

10.2.1.2.4 Undergraduate Research Project

With the permission of the Dean and the Department, a faculty member may supervise an undergraduate research project. A faculty member who supervises an undergraduate research project shall be credited with 1/32nd of an annual workload for each student undergraduate research project.

10.2.1.2.5 Team and Shared Teaching

Given the MUC commitment to high quality instruction, effective innovations in course delivery and pedagogy are encouraged. Notwithstanding existing departmental workload agreements, the following definitions are intended to guide departments, Deans, and the MFA in calculating acceptable instructional workloads:

“Team teaching” describes courses delivered by teams of two or more faculty, in which faculty members each prepare, attend, deliver, and evaluate all parts of the course. For team teaching, each faculty member is credited with “full” workload credit for the course.

“Shared teaching” describes courses delivered by two or more faculty, in which each takes responsibility for a discrete part of the course. For shared teaching, each faculty member is credited with a portion of the workload credit for the course.

With the approval of the Dean and the Department, a faculty member may at their discretion participate in the shared teaching of a course. The proportion of the course shall be determined by taking into account the factors outlined in Article 10.2.1.1. above, and through consultation between the Dean and the Department. For example, a standard three-credit course in the BA program would use 45 hours (15 weeks x 3 hours/week) as the standard for determining the appropriate workload portion. For example, a faculty member teaching 3 weeks of a shared course shall be credited with 0.2 of a course.

For temporary faculty, such an arrangement shall be paid at the corresponding proportion of the flat rate. In cases where a shared teaching assignment of less than one course cannot be readily

calculated into a regular faculty member's annual workload assignment, the workload credit shall be carried forward.

10.2.2 Workload for Regular Non-Instructional Faculty

10.2.2.1 The workload of a regular non-instructional faculty member shall be an average of 35 hours per week. The exact hours of work may vary seasonally to allow for peak periods. Particular responsibilities, duties and workload arrangements shall be determined by the Chair or Director or Regional Campus Principal or Dean, as appropriate, in consultation with the faculty member. This decision may be appealed to the next appropriate level of administration. Non-instructional faculty members shall be informed, when they receive their workload allocation of the name of the administrator to whom such appeal may be made.

10.2.2.2 Chairs of non-instructional faculty shall be selected in accordance with the procedure in Article 10.11.2.1.

10.3 OVERLOAD

10.3.1 Overloads shall only be carried on a voluntary basis

a) Effective August 1, 2001 a regular faculty member who teaches an overload in a given academic year shall be paid according to his/her placement on the salary scale (Appendix A) based on the pro-rata workload for the overload. This does not apply to regular faculty members teaching Summer Session courses under Article 10.3.2 and Field School courses under Article 10.3.3.

b) A regular faculty member teaching Summer Session (Article 10.3.2) or Field Schools (Article 10.3.3) shall be paid in accordance with Article 11.1.4.2.

c) A temporary faculty member with a workload in excess of that specified in Article 10.2.1.2 shall be paid for the additional workload in accordance with Article 11.1.4.2.

10.3.2 Summer Session

A Summer Session course is a course taught during the period between the spring and fall semesters but does not include courses taught in the May to June Special Session which constitute a program

requirement and does not include courses which are assigned as part of a regular faculty member's workload under Article 10.2.1.2.2.

Once summer session course offerings have been finalized and should qualified regular faculty members be identified to teach such courses, a regular faculty member may elect to reduce his/her regular workload in exchange for an equivalent amount of summer session instruction taught at any time in the May to August period immediately preceding the Academic Year in which the exchange was permitted, subject to the approval of the Dean. Such approval shall not be unreasonably refused. All professional development and vacation time that would have been applicable in the summer session shall be deemed to have been taken by the faculty member.

10.3.3 Field Studies

A regular faculty member teaching field school (including studies abroad) except those courses which are offered through a field school and which are a program requirement that can only be fulfilled by attendance at the field school shall be paid in accordance with Article 11.1.4.2.

10.3.4 Directed Studies

A Directed Studies course shall be provided on a voluntary basis as an addition to an individual faculty member's assigned workload. This course will be provided by agreement of the faculty member, Chair, and Dean, and will have a maximum of five (5) students. The faculty member shall receive two-hundred and fifty dollars (\$250) per semester for each Directed Studies student for a 3 credit course.

Where a Directed Studies course has fewer or greater than three credit hours, actual payment for each Directed Studies student enrolled in the course will be pro-rated. For example, faculty will receive \$83.34 ($\$250/3$) per semester for each Directed Studies student enrolled in a one credit course; \$125.00 ($\$250/2$) for a 1.5 credit course; \$166.67 ($\$250 \times 2/3$) for a two-credit course; \$333.34 ($250 \times 4/3$) for a four-credit course, etc.

The Dean will identify Directed Studies on the workload report.

10.3.5 Senior Project

In departments where a Senior Project course is a required or elective component of a degree program, it will be provided on a voluntary

basis by an individual faculty member as an addition to their assigned workload. The approval of the Department Chair is required before a student can register in a Senior Project course with an identified University-College professor/instructor. The faculty member shall receive two-hundred and fifty dollars (\$250) per semester for each three credit Senior Project student. If two University-College professors/instructors jointly supervise a Senior Project, the stipend will be divided equally between them unless there is some other agreement. Deans will identify Senior Projects in Workload Reports.

10.4 ASSIGNMENT OF WORKLOAD

10.4.1. In Spring semester, when the approved Program Profile is received from the Ministry, the Dean shall advise each department of its activity level for the next budget year. If subsequent developments necessitate a change to this activity level, the Dean will advise the department accordingly. The initial proposed allocation of each University-College professor's/instructor's workload shall first be determined by the Chair of each department (or dean if no chair) in consultation with the members of that department. The proposed workload allocations shall be reviewed by the appropriate Dean in order to ensure a fair distribution within the department. Differences in contact hours, course preparations, student numbers, travel times, and other parameters which are seen to be relevant shall be considered. The workloads determined shall be consistent with the guidelines and limits in all relevant sections of the Collective Agreement.

10.4.1.1 Timetabling

The following limits shall be placed on the times that a University-College professor/instructor would be expected to teach:

10.4.1.1.1 No University-College professor/instructor shall be required to teach more than three consecutive one hour classes, labs or seminars, or more than 2 consecutive classes, labs or seminars of duration more than one hour each. No University-College professor/instructor shall be required to conduct more than four consecutive hours of class, lab or seminar.

10.4.1.1.2 Where a University-College professor/instructor has child care commitments, and where the University-College professor/instructor makes a written request, the University-College shall make every effort to ensure that University-College professor/instructor has no classes scheduled before 9:00 am.

- 10.4.1.1.3 University-College Professors/Instructors shall be entitled to a minimum of one continuous hour of unscheduled time in the period between 11:30 and 14:30.
- 10.4.1.1.4 University-College Professors/Instructors shall be entitled to a minimum of twelve continuous hours of unscheduled time between workdays.
- 10.4.1.1.5 Where a University-College professor/instructor is required to teach at more than one campus, there shall be reasonable provision for travel time in the University-College professor's/instructor's teaching schedule.
- 10.4.1.1.6 The University-College shall make every effort to ensure that no University-College professor/instructor shall be required to conduct a class, a lab or a seminar that ends more than 9 hours after the start of their first class, lab or seminar of that day.
- 10.4.1.1.7 Where a full-time University-College professor/instructor is assigned upper level courses and is taking an upper-level release in that academic year, and where the University-College professor/instructor makes a written request, the University-College professor/instructor shall have no classes, labs or seminars scheduled on at least one of Monday to Friday.
- 10.4.1.1.8 All University-College professors/instructors shall be entitled to two consecutive days off per week, and where a University-College professor/instructor teaches any part of a course (lab, lecture or seminar) outside of the hours of 8:00 to 17:30 Monday through Friday, the University-College shall make every effort to provide that University-College professor/instructor with a third day off during the week.
- 10.4.1.1.9 Where a faculty member is assigned as part of her/his teaching duties to be on call outside of their regular scheduled teaching assignment, the University-College shall make every effort to provide that faculty member with an additional day off for each two weeks of on call duty providing there is no additional expense.
- 10.4.2 Within two weeks of the commencement of a term, the Academic Administrator shall forward to the Association workload reports for all faculty who work in that administrator's area. The Chief Personnel Steward or a designate shall, within two weeks following the receipt of

the workload reports, meet with the Academic Administrator responsible to review the workload allocations.

The Committee shall present to the Dean, in writing, any concerns about faculty workload. A final report, inclusive of any changes made by the Dean, shall be forwarded immediately by the Chair of the MFA faculty Workload Committee to the Dean and the Chief Personnel Steward of the Association no later than four weeks following the first day of classes.

- 10.4.3 Workload allocations determined in accordance with the above Articles 10.4.1 and 10.4.2 may be appealed to the appropriate senior administrator.
- 10.4.5 Other Outside Teaching and Non-Teaching Services Initiated by the University-College
 - 10.4.5.1 Faculty may be given assignments with agencies outside the University-College (based on the Standard of Reasonableness.) However, such work may not be assigned to a level which exceeds a full workload, except with the agreement of the faculty member. Faculty may refuse such overload assignments without prejudice to their employment and working conditions at the University-College.
 - 10.4.5.2 Should faculty accept such overload, they shall be paid a mutually agreed upon contract fee. Details of financial arrangements shall be made known to the Committee of Personnel Stewards of the Association.

10.5 MULTI-CAMPUS TRAVEL

University-College professors/instructors may be required to teach a course or courses in one or more of the communities in the University-College region. University-College professors/instructors required to teach at least one day per week at Powell River and whose home campus is Nanaimo, Cowichan or Parksville shall receive a stipend of \$1,500 for each semester in which they teach at Powell River. Effective August 1, 1989, a University-College professor/instructor whose home campus is Nanaimo, and is assigned to teach two consecutive semesters and commutes not less than two days per week to the Cowichan Campus, shall receive a stipend of \$500 on the commencement of the second semester.

10.7 FACULTY EMPLOYED IN CO-OPERATIVE EDUCATION

- 10.7.1 The University-College recognizes that the nature of instruction in Co-operative Education programs differs from the normal delivery of programs.
- 10.7.2 Departments and programs which contain co-operative education components shall collaborate with the University-College's co-operative education office to ensure uniformity of standards. The University-College shall ensure that a high level of consultation and cooperation be maintained during development and implementation of these programs between the departments and the Co-op Education office.
- 10.7.3 While faculty members in Co-operative Education programs may be required to teach or supervise co-op positions three semesters a year, under no circumstances shall a University-College professor/instructor be required to accept an instructional assignment (workload) which otherwise differs from the provisions stipulated elsewhere in this Collective Agreement.
- 10.7.4 Faculty members shall not be required to teach or supervise co-op positions in more than six semesters in any three-year period commencing on September 1 of the first year of this period.
- 10.7.5 No faculty member shall be denied a two-month summer vacation period, if requested, after being obligated to work a previous summer.
- 10.7.6 For faculty members who are required to teach or supervise co-op positions in three consecutive semesters, vacation and professional development time shall accrue. This vacation and professional time shall be granted within the twelve-month period following the conclusion of the third semester.
- 10.7.7.1 A faculty member who is supporting and supervising students in co-op positions shall receive one-half (1/2) section workload credit for supervision, monitoring and evaluating between one (1) and four (4) students, and one (1) section for between five (5) and ten (10) students. (One section workload credit is equivalent to one-eighth (1/8) of an annual regular instructional faculty workload.) This credit includes the time required for travel to and from the placement sites. The normal duty per student is two visits per evaluation and reporting.
- 10.7.7.2 If a faculty member carries out these duties for between eleven (11) and

nineteen (19) students, the workload credit shall be calculated on the basis of 0.1 credit per student (e.g., fourteen (14) students are equivalent to 1.4 sections of workload credit). For twenty (20) students, a University-College professor/instructor shall receive two (2) sections workload credit.

- 10.7.7.3 For selection and preparation of work terms, the workload associated in placing up to twenty-seven (27) students in a suitable learning environment is equivalent to one (1) three-hour semester course.
- 10.7.8 Co-op placement monitoring consists of developing, maintaining, and nurturing work-term placements for students, and assisting students in obtaining these placements (writing resumes, job interview skills, setting up interview schedules, etc.)
- 10.7.9 The University-College recognizes that co-op placement monitoring is carried out by employees who are members of the same bargaining unit that represents faculty teaching in the program for which placements are being sought, unless in unusual circumstances another employee is assigned to monitor a co-op placement in which event the Association shall be notified.

10.10 FACULTY ADVISORS

Nothing in this Article 10.10 shall preclude the University-College from employing individuals as faculty advisors from outside the Association's bargaining unit. Such individuals shall not be covered by this Agreement; this Agreement shall cover only those faculty advisors who were covered by this Agreement immediately prior to the faculty members' assignments.

- 10.10.1 Faculty Advisors are those faculty members who are assigned to the Advising Centre as part of their normal duties.
- 10.10.2 A faculty member's assignment to the Advising Centre as a Faculty Advisor is normally for a one- or two-year term. He/she may be reassigned to that position for further one- or two-year terms.
- 10.10.3 A Faculty Advisor's assignment to the Advising Centre is in direct proportion to the reduction of his/her other assigned duties, and the conditions of this assignment shall be covered in the Articles pertaining to counsellors (non-instructional faculty members) in this Agreement.

- 10.10.4 Faculty Advisors may apply for professional development as described in Article 12.3.2.
- 10.10.5 Faculty Advisors' seniority shall continue to accumulate in their instructional units.

10.11 WORKLOAD RELEASE

10.11.1 Upper Level Release

For the purposes of scholarly activity, the University-College agrees that full-time University-College professors/instructors who teach upper-level courses shall receive release time on the basis that for University-College professors/instructors teaching eight (8) sections, one (1) section release time for one or more upper-level sections taught per year.

- 10.11.1.1 a) A full-time regular faculty member who teaches third or fourth year courses may choose to group his/her scholarly activity release into a single semester providing the grouping results in a single semester of full release from teaching commitments. The faculty member may choose to take the release time in this way provided that:
 - i) the Dean agrees that the faculty member may group his/her scholarly activity release into a single semester, and
 - ii) the workloads can be arranged to meet program needs.
- b) A full-time regular faculty member who chooses to group his or her scholarly activity release agrees that they will continue grouping their release time and will take the scholarly release semester, and further that they may not opt out of the release time grouping provision except when they neither owe, nor are owed release time. A faculty member may bank a maximum of one semester release.
- c) A full-time regular faculty member who is permitted to group their scholarly activity release may take the scholarly activity semester after they have received the agreement of the Dean to group their scholarly activity release provided that:
 - i) the faculty member has provided the Dean with notice by February of the preceding academic year that the faculty

- member intends to take the grouped release, and
- ii) the Dean agrees with the faculty member taking the specific semester proposed by the faculty member, and
 - iii) the program needs of the department can be met, and
 - iv) the faculty member is not scheduled to take, or applying for a P.D. leave that would occur within five months of the semester that the faculty member is proposing to take the grouped scholarly activity release.
- d) Where a full-time regular faculty member takes a scholarly release semester before he/she has completed a teaching load that includes enough overload under the provisions of the limitations on faculty workload to earn the scholarly activity semester, and where the faculty member resigns or retires from his/her position, the faculty member shall repay the University-College the portion of his/her salary that he/she received for upper division release that he/she was not entitled to.
- e) Where the University-College cancels third and fourth year offerings in a department, the faculty member grouping his/her scholarly release will be entitled to take the accumulated scholarly release at any point within the following five years, subject to program needs and Dean's approval.
- f) Where a full-time regular faculty member has chosen to group his or her scholarly activity release time, and where the faculty member is laid off, the University-College shall pay the faculty member for all unused scholarly activity release at the pay rate that they were at when the scholarly release time would have been taken had the faculty member not been grouping their scholarly activity. If the faculty member has taken a scholarly activity semester and has not accumulated enough scholarly activity release time to earn the scholarly activity semester, the University-College will recover the portion of that faculty member's salary that the faculty member was not entitled to.

10.11.2 Chair Release

- 10.11.2.1 Chairs shall be selected by a process established by the appropriate Dean of Instruction in consultation with all faculty members in the program group. Chairs shall be granted release time as per the terms of

the Agreement.

10.11.2.2 Effective August 1, 1993 release sections for coordination of Departments will be granted on the following basis (based on departmental FTE count as of February 15th prior to the academic year in question):

Instructional Departments with 2 to 9 FTE faculty:	1 section
Instructional Departments with 10 to 19 FTE faculty:	2 sections
Instructional Departments with 20+ FTE faculty:	3 sections

The following conditions will apply to the above:

- a) Departments offering a two-year Career/Technical Program will have a minimum of two sections release.
- b) This formula will not apply to Education, or Human Service Programs. These areas are guaranteed the following minimum number of release sections:

Education	5 sections
Physical Education	2 sections
Human Services	6 sections

It is understood that Education and Human Services are new and developing areas. The parties agree to review the changing needs for Chair release time with the intent of applying the formula to these areas in the future.

12.4 ASSISTED LEAVE (PROFESSIONAL DEVELOPMENT LEAVE OF ABSENCE)

It is recognized that many opportunities for professional development require a longer period of time than is available between the spring and fall instructional periods. In order to encourage faculty to take advantage of these opportunities, a program of professional development leave of absence has been developed.

- 12.4.1 Faculty members may apply for either a full or partial release leave of absence. A partial release leave is designed to free a full-time faculty member from between one-quarter and three-quarters of his/her workload at the University-College. The salary received by a faculty member on partial release leave shall be calculated on a percentage basis: e.g. In a one-quarter release leave the faculty member would receive 75% of his/her normal salary, for a three-quarter release leave the faculty member would receive 25% of his/her normal salary.

A one-half year P.D. leave of absence shall normally be for the period January 1 to June 30 or the period July 1 to December 31. A full-year P.D. leave shall be for the twelve-month period following commencement of the leave.

- 12.4.2 Since P.D. leaves are recognized in Articles 12.4 and 12.4.9 as contributing to the instructional quality and educational services offered by Malaspina University-College, a faculty member on P.D. leave is considered to be continuing to perform his/her duties of employment.

Except for the professional development allowance under Article 12.3.1, a faculty member on P.D. leave is expected to pay, from his/her salary, all travel, meal and accommodation costs incurred while fulfilling his/her duties of employment under the terms of his/her leave proposal and while away from the employer's normal place of business and the faculty member's principal residence. In addition, supplies consumed directly in the performance of the P.D. leave responsibilities must be paid for by the faculty member on leave.

- 12.4.3 The University-College shall, during the period of a P.D. leave of absence, continue to contribute to the faculty benefit plans which are applicable to the faculty member providing the faculty member continues to contribute.

- 12.4.4 It is recognized that faculty members should not realize direct financial

gain from the assisted leave program. Consequently, the University-College is entitled to recover from a recipient of an assisted leave the amount by which his/her earnings from employment or contracts while on assisted leave exceed his/her normal annual income and benefits.

- 12.4.5 The faculty member shall be required to return to the service of the University-College upon completion of his/her P.D. leave of absence for a period equal to the length of the leave. In the event of failing to do so, the faculty member shall refund the amount of any money paid to him/her or on his/her behalf by the University-College during the P.D. leave of absence.
- 12.4.6 Upon completion of P.D. leave of absence, the faculty member is assured of resuming duties at a salary level equal to that which he/she would have received, had he/she remained in his/her usual position at the University-College.
- 12.4.7 If a faculty member on assisted professional development leave, by mutual agreement with a Dean, Director, or Regional Campus Principal, returns to work prior to the commencement of the leave or during the period of the leave, a new assisted professional development leave equivalent to the length of time remaining in the leave shall be created. The new leave, or any portion thereof, shall be carried over in to the following fiscal year if unused in the year in which it is created.
- 12.4.8 In the first semester after returning from a Professional Development Leave of Absence, the faculty member shall submit a report, to the President, summarizing the professional development that has been accomplished on the leave. Failure to fill this requirement shall render the faculty member ineligible for future assisted leaves.
- 12.4.9 In order to be eligible for a P.D. leave of absence, a faculty member must:
- a) have a regular appointment and at least three FTE years of MFA seniority preceding the commencement date of the leave.
 - b) notify the Director of Human Resources on or before 1:00 p.m. of the last business day of May in the year prior to that in which the proposed leave is to commence that he or she plans to apply for a P.D. leave of absence. The Director of Human Resources shall forward the list of names and the categories of each person

proposing to apply for a leave to the President of the MFA and the Chair of the Leave Committee. Applicants should also provide copies of their letter of intent to their Dean, in the case of instructional faculty or to the Dean, Director or Regional Campus Principal (which ever is appropriate) in the case of non-instructional faculty.

- c) submit a complete application to the Chair of the Leave Committee after August 15 and before September 15 of the academic year prior to that in which the proposed leave shall commence. This application shall include a description of the program proposed for the leave, and any supporting statements that the faculty member may consider important to his/her application.
- d) propose in his/her application a program which shall be of professional benefit to himself and which shall increase his/her potential contribution to the University-College. Such programs may include:
 - i) Further academic studies relevant to the professional growth of the faculty member in his/her particular area of scholarship and/or to the Malaspina University-College curriculum.
 - ii) Experience in business, industry, research, community service, or in government or educational institutions which is directly relevant to the role of the faculty member within the University-College.
 - iii) Studies of educational systems and methods in other institutions.
 - iv) Other activities which can be seen to ultimately benefit the faculty member professionally, such as private study or research, textbook compilation, travel, or scholarly or creative writing.
 - v) Any change in the originally approved plan requires a new submission to the Leave Committee outlining the rationale for the change. The new plan is subject to re-evaluation under Article 12.4.9.

A University-College Leave Committee shall be formed for the purpose of recommending applicants for Professional Development Leaves to the University-College Board, and to carry out its duties under Article 12.15 (Unassisted Leave of Absence). Its constitution and responsibilities shall be as follows:

12.4.10.1 Constitution

The committee shall consist of eight members, including

- a) the Vice-President Academic, who shall be an ex officio, non-voting member;
- b) a Dean of Instruction; and

The normal term of membership on the Committee for faculty representatives shall be two years. A faculty representative shall be a regular faculty member with at least two years service at the University-College; he/she shall not himself/herself apply for a P.D. leave during his/her term of membership on the Committee. A faculty representative shall be elected not later than August 31 of the year in which his/her term commences.

12.4.10.2 Responsibilities

The Committee shall elect a Secretary/Chair from its members no later than September 1 of each year.

12.4.10.2.1 For Professional Development Leave

12.4.10.2.1.2 The Committee shall consider all applications for P.D. leave and shall determine which applicants have satisfied the eligibility conditions of Article 12.4.9.

12.4.10.2.1.2 The Committee shall rank all eligible applicants on the basis of the perceived merit of their proposals. Where two proposals are deemed to be of equal merit, the ranking shall be by seniority according to the procedures outlined in Article 12.4.10.3.

12.4.10.2.1.3 The Committee shall forward its list of recommendations to the University-College President no later than October 15 along with a brief description of the Professional Development pursuit.

12.4.10.3 Procedures for Professional Development Leave (Assisted Leave)

Each year all eligible applicants for assisted leave shall be considered by the University-College Leave Committee in two groups.

12.4.10.3.1 **Group I**

A faculty member who applies for an assisted leave shall be considered to be in Group I if at the time of their application they have accumulated 3 FTE years of MFA seniority since their hiring or their last assisted leave, which ever is less, and

the following formula produces a value that is greater than or equal to zero:

$$\text{MFA Seniority} - (8 * \text{FTE Leaves So Far}) - (6 * \text{FTE Leave Applied For})$$

Where:

MFA Seniority is the number of FTE years of MFA seniority that the leave applicant has at the time the leave application is considered;

FTE Leaves So Far is the total number of FTE years of assisted leave that the applicant has had so far; and

FTE Leave Applied For is the number of FTE years of assisted leave

that the University-College professor is applying for.

The Leave Committee shall give first consideration to applicants in Group I.

Group II

Faculty members eligible for assisted leave who do not qualify for consideration in Group I will be considered in Group II provided they have completed the equivalent of not less than three years or more than seven years of full-time service within the Association; or either 1) a minimum of four years but less than the equivalent of seven years since completing a full-year assisted leave, or 2) a minimum of two years and less than an equivalent of three and one-half years since completing a one-half year assisted leave.

- 12.4.10.3.2 In determining rank in each group the primary consideration shall be the projected value of the leave proposal to the improvement of University-College service. In the event that two or more applications are considered to be of equal value, those applications shall be ranked in order of seniority of service within the Association or seniority of service since the applicant last received an assisted leave from the University-College, whichever is the lesser. In the event that two or more applications are considered to have equal seniority, their ranking shall be by a random chance selection procedure.
- 12.4.10.4 The University-College Board shall notify in writing, not later than October 31 all faculty recommended for P.D. leave as to the outcome of their applications. If the application has been refused, the reasons for refusal shall be stated.
- 12.4.10.5 The Chair of the Committee will forward a copy of the approved application(s) to the President of the Malaspina Faculty Association.
- 12.4.10.6 If a faculty member on assisted leave wishes to extend his/her period of absence from duties beyond the scheduled date of return and defer compliance with Article 12.4.5 of the contract, a written request for unassisted leave under Article 12.15 must be made. Such a request must be given in writing and requires at least three (3) months notice.

12.14.2 The Exchange Leave shall normally be for one full semester or for one academic year.

12.14.3 The salary of the faculty member on exchange leave shall be paid by Malaspina University-College, and the replacement's salary by the exchange institution. This may be modified, however, in cases where Exchange Leave presents problems of inequities in salary, and the appropriate senior administrator and Board shall then attempt to arrive at a financial arrangement that is feasible and agreeable to all parties.

12.14.4 The University-College shall, during the period of Exchange Leave, continue to contribute to the faculty benefit plans which are applicable to the faculty member providing the faculty member continues to contribute.

12.14.5 The President shall recommend suitable candidates for exchange leave to the University-College Board.

12.15 GENERAL LEAVE, UNPAID

Non-instructional faculty members may receive, on written application to the appropriate Senior Administrator, permission to be absent from the University-College, without pay.

- 12.15.1 A faculty member may apply for a partial or full release Leave of Absence from the University-College for a maximum period of three (3) consecutive years. Requests should be forwarded to the Chair and then to the Dean for comments and recommendation. The request will then be reviewed by the Director of Human Resources prior to final approval from the Vice-President Academic. The decision to grant the leave shall be based on the Standard of Reasonableness. Requests should be submitted to the appropriate Dean, with three (3) month's notice required.
- 12.15.2 Faculty members on a full release leave of absence may maintain their benefit plans by monthly payments of the full faculty and employer shares. Faculty members on a partial release leave of absence shall continue to contribute to the benefit plans as provided in Article 13.
- 12.15.3 Faculty members on a Leave of Absence shall bank their accrued seniority credits earned up until the commencement of the leave. No seniority credits shall be granted for the leave period (except under Article 12.15.4). Faculty members shall lose all seniority credits should they continue their Leave of Absence beyond three years except the case of leaves for serving in public office, as described in Article 12.16, in which case leave can be extended to a maximum of five years plus the intervening months between the next August 1 or January 1, whichever comes first.
- 12.15.4 Upon receiving an approved Leave of Absence (Article 12.15) and before taking said Leave of Absence, faculty shall submit a written description of their plans to the University-College Leave Committee. The University-College Leave Committee shall then determine whether said leave shall be granted "Preliminary Approval as Professional Development Leave of Absence" under the guidelines of Article 12.4.9(d).

Upon the faculty member's return from a Leave of Absence which was given "Preliminary Approval as Professional Development Leave of Absence", he or she shall supply supporting documentation and evidence that the plans were successfully completed to the University-College Leave Committee. The Committee shall review the original application, the supporting documentation and evidence to determine if the leave conformed to the original plans.

Should the Committee determine by simple majority vote, after

reviewing the application to confirm and grant the leave P.D. status, the faculty member shall be given his/her full seniority credits for the period of his/her Leave of Absence.

12.15.4.1 The Leave Committee shall also recommend to the President persons who are given P.D. status shall be eligible for normal increments for the period of the leave.

12.15.5 A one-half year leave of absence shall normally be for a period January 1 to June 30 or the period July 1 to December 31. A full year leave shall be for the twelve-month period following commencement of the leave.

12.15.6 Faculty on unassisted leave must give at least five months notice to the appropriate Dean, Director, or Regional Campus Principal, that they intend to return to the University-College at the predetermined date. This provision applies to leaves that commence on or after August 1, 2001. The Human Resources Office will note this requirement and quote the relevant contract section on the appointment form initiating the commencement of the leave. As a further step, if notice has not been received four months prior to the expiry of the leave, the Human Resources Office will send notification by certified mail to the last known address provided by the employee outlining the requirement to confirm the return-to-work date. Failure to so notify the University-College by the required date will result in the leave automatically being extended for the subsequent semester. The University-College shall, having extended the faculty member's leave for one semester, inform the faculty member by certified mail, at least four months prior to the end of the extended leave, to their last known address, that their leave has been extended and of the consequences of not providing a written commitment to return at the end of the extended leave.

Should no official written commitment to return to work be forthcoming from the faculty member three months before the end of the extended leave, the faculty member will be deemed to have abandoned their position with the University-College.

13.4.2.4 *The Joint Committee on Benefits Administration (JCBA) shall oversee the continuation of the plan as described in Article 13.4.2.2 and shall address such matters pertaining to the plan as are included in the JCBA's mandate as set out in Article 13.6.1.2.*

All savings realized through the process of the Joint Committee on Benefits will be used to improve benefits, including disability benefits, either through actions taken by the Committee or the formal bargaining process between the Parties.

13.6.1.4 Constraints

The Joint Committee on Benefits will not make any changes to the plan provisions that would increase the costs of health and welfare benefits or disability benefits for individual Employers or reduce plan provisions without the agreement of the Parties to this Agreement. The Joint Committee shall be authorized to determine appropriate use of the Article 13.6.1.3 savings from the 1998-2001 agreement (in the amount of \$71,849) and to allocate the funds to that use. The Parties agree that the first priority for use of those funds will be to level up the minimum standards for vision care coverage.

13.6.1.5 Costs of the Joint Committee

There shall be no reduction in benefits under these plans or increases in premium costs without advance consultation with the committee of Personnel Stewards of the Association. During the term of this agreement neither party shall unilaterally alter the benefits of the plans. The selection of Insurance Carrier shall be made following consultation between the parties.

14. PROTECTION OF EMPLOYEES

14.3 DISCRIMINATION AND HARASSMENT

The University-College and the Association recognize the right of employees to work in, and students to study in, an atmosphere free from discrimination and harassment. All employees and students have the right to employment and equal treatment without discrimination or harassment because of the race, colour, ancestry, place of origin, political belief, religion, marital status, family status, physical or mental disability, sex, sexual orientation or age of that person or because that person has been convicted of a criminal or summary conviction offence that is unrelated to the employment or to the intended employment of that person, or membership or activity in the Faculty Association.

The University-College has further indicated its intention to continue to develop, with faculty, an extensive harassment and discrimination policy, applicable to all employees and students. The University-College has further undertaken that this policy will not be developed without consultation with faculty.

14.4 HARASSMENT

14.4.1 Statement of Commitment

The colleges and institutes promote teaching, scholarship and research and the free and critical discussion of ideas.

Unions and employers are committed to providing a working and learning environment that allows for full and free participation of all members of the institutional community. Harassment undermines these objectives and violates the fundamental rights, personal dignity and integrity of individuals or groups of individuals. Harassment is a serious offence that may be cause for disciplinary sanctions including, where appropriate, dismissal or expulsion.

The colleges and institutes have a responsibility under the BC's Human Rights Code to prevent harassment and to provide procedures to handle complaints, to resolve problems and to remedy situations where harassment occurs.

The employer will offer educational and training programs designed to prevent harassment and to support the administration of the institutional policies and to ensure that all members of the institutional community are aware of their responsibility with respect to the policy.

14.4.2 Definitions

14.4.3 *Harassment is a form of discrimination that adversely affects the recipient on one or more of the prohibited grounds under the BC Human Rights Code [R.S.B.C. 1996 c.210].*

Harassment as defined above is behaviour or the effect of behaviour, whether direct or indirect, which meets one of the following conditions:

- (a) *is abusive or demeaning;*
- (b) *would be viewed by a reasonable person experiencing the behaviour or effect of the behaviour, as an interference with her/his participation in an institutional related activity;*
- (c) *creates a poisoned environment.*

As of this date, the grounds protected against discrimination by BC's Human Rights Code [R.S.B.C. 1996 c.210] are age, race, colour, ancestry, place of origin, political belief, religion, marital status, physical or mental disability, sex, sexual orientation and, in the case of employment, unrelated criminal convictions.

14.4.4 *Sexual Harassment is behaviour of a sexual nature by a person who knows or ought reasonably to know that the behaviour is unwanted or unwelcome; and*

- (a) *which interferes with another person's participation in an institution related activity; or*
- (b) *leads to or implies employment, or academically-related consequences for the person harassed; or*
- (c) *which creates a poisoned environment.*

14.4.5 Procedures

14.4.5.1 Local Informal Processes

The Parties agree that the local parties where mutually agreeable, may first attempt to use local policies or processes to resolve complaints of harassment and sexual harassment prior to accessing the following procedures in Article 14.4.5.3 Mediation and 14.4.5.4 Investigation.

14.4.5.2 Right to Legal Counsel

The union is the exclusive bargaining agent for the bargaining unit employee and as such has the exclusive right to represent the employee in all matters

pertaining to his/her terms and conditions of employment, including matters that may lead to discipline by the employer. An individual bargaining unit employee has no right to be represented by legal counsel during an Article 14.4 investigation involving an allegation of harassment.

14.4.5.3 Mediation

When a complaint is received by the employer involving an individual covered by this collective agreement, the local parties will initiate a mediation procedure at the bargaining unit level. The mediation process is the recommended avenue of resolution.

Consensual mediation will require the agreement of the complainant and the alleged harasser to use the following process:

- (a) the local parties will discuss the nature of the complaint and agree upon who will conduct the mediation;*
- (b) the mediation process and resolution will be kept strictly confidential by all participants;*
- (c) where a resolution is reached, the complainant and the alleged harasser must agree in writing to the resolution and the matter will then be considered concluded;*
- (d) no record of the mediation except the written agreed resolution will be placed on an employee's file. The written resolution will be removed from the employee's file after twelve (12) months unless there has been a subsequent complaint of harassment against the employee within the twelve (12) month period.*

14.4.5.4 Investigation

Where either the complainant or alleged harasser does not agree to mediation, or no resolution is reached during the mediation, the complaint will be referred to an investigator selected from a list of investigators agreed upon by the local parties.

An investigator will be appointed within ten (10) working days of referral.

Where the local parties are unable to agree on a list of investigators, JADRC will determine a list.

The referral should, where possible, include a written statement from the complainant and the alleged harasser which succinctly outlines the issue(s) in dispute. The referral should be assembled by the Institution and forwarded to the Investigator with a copy sent to the union(s).

The appointment of an investigator does not preclude an investigator from mediating the dispute where possible up to the time of submission of the Investigator's report to the local parties pursuant to Article 14.4.5.5(a) below.

Any complaint of harassment will be kept confidential except as is necessary to investigate and resolve the issue. Investigators will stress the confidentiality of the investigation with the person(s) interviewed.

14.4.5.5 Terms of Reference of the Investigator

- (a) *The purpose of the investigator will be to ascertain facts.*
- (b) *All persons quoted in the investigation will be named by initials.*
- (c) *The report of the Investigator will be given, in confidence, to the union(s) and the employer. It is the responsibility of the employer to forward a copy of the report to the complainant and the alleged harasser. The employer will state, in a covering letter, that the report is confidential. The report should refer to individuals involved by initials only. However, a key will be provided to the employer and the union(s) for internal use. This practice should be repeated at any subsequent arbitral proceeding.*
- (d) *The report will not be introduced as evidence or have standing in any arbitration, or other legal procedure. This does not preclude the parties from reaching an Agreed Statement of Fact based upon facts in the report in preparation for an arbitral proceeding.*

(e) *Reliance on Report of Third Party Investigator*

Despite Article 14.4.5.5 (d), an institution is entitled to rely on the fact of mediation or the report of a third party investigator as evidence that may mitigate liability in a proceeding that follows receipt of the third party investigator's report.

The employer is entitled to rely on the investigator's report as evidence that it acted in good faith in any disciplinary action that it undertook following receipt of the third party investigator's report where the issue of good faith is raised by a grievor or the union.

- (f) *The investigator will not be compellable as a witness in any arbitration or other legal procedure which may result from the investigation.*
- (g) *The investigator will conclude her/his work within twenty (20) days of appointment and will render a report within a further ten (10) days. These timelines may be extended if deemed appropriate by the local parties. If a dispute arises with respect to the extension, the matter will be referred to JADRC. If requested by the investigator, the employer will*

provide meeting space and contact information about persons to be interviewed.

- (h) *The investigator may, as part of her/his report, make recommendations for resolution of the complaint.*
- (i) *The investigator's report will not be placed on an employee's file.*

14.4.6 Findings

14.4.6.1 *The employer will make a written determination based upon the facts and recommendation, if any, within ten (10) working days of the receipt of the Investigator's report. If necessary, this timeline may be extended by mutual agreement between the local parties.*

14.4.6.2 *The determination will:*

- (a) *state the action(s), if any, to be taken or required by the employer.*
- (b) *_____include, where appropriate, a statement of exoneration.*

14.4.7 Rights of the Parties

Should a complainant file a complaint under the provisions of the Human Rights Code, it is understood that the Human Rights Code complaint will be set aside until such time as the procedures under this Article have been completed.

Where an allegation includes both complaints under the Human Rights Code and a personal harassment complaint, the local parties may agree to have the Investigator investigate all of the complaints, in order to relieve against expense and duality of process.

14.4.8 *The above noted procedure does not restrict:*

- (a) *The employer's right to take disciplinary action;*
- (b) *The union's right to grieve such disciplinary action or to grieve an alleged violation of this Article.*

14.4.9 *The report of the investigator may be used in the development of an Agreed Statement of Fact for an arbitral proceeding.*

14.4.10 False Complaints, Breaches of Confidentiality and Retaliatory Action

Frivolous, vexatious or malicious complaints of harassment or breaches of the confidentiality provisions of this clause or retaliation in respect of a complaint may result in discipline. Should retaliation be alleged following the filing of a complaint, an Investigator may deal with that allegation and make a finding.

14.4.11 Local Discussion

The local parties will meet as necessary to facilitate the administration and other aspects of the application of this Article including issues arising under Article 14.4.12 below. The local parties may refer any differences over the administration or application of this Article to JADRC for resolution.

14.4.12 Relation to Other Agreements

Where a complaint under Article 14.4 involves individuals who are covered by another collective agreement the local parties will meet to clarify and agree upon a procedure.

14.5 TECHNOLOGICAL CHANGE

The parties agree to apply the provisions of Section 54 of the 1992 Labour Relations Code except that a significant number of employees shall be defined as one or more regular or temporary employees. Copies of this legislation are available from the Chief Personnel Steward or Human Resources.

14.6 DISTRIBUTED LEARNING

14.6.1 Distributed learning includes, but is not limited to, print based education courses, online or web-based instruction, video-conferencing, teleconferencing, instructional video and audio tapes, hybrid or mixed-mode programs and courses.

14.6.2 In developing and offering distributed learning programs and courses, the employer will plan in collaboration with the department or functional area and the employee(s) who will develop and/or deliver the program or course.

For the purposes of this Article departments or functional areas are defined as the operational or administrative sub-division of an institution within which an employee is appointed and assigned workload and may include geographical limitations.

14.6.3 Subject to mutual agreement, the local parties may develop criteria for the determination of the appropriate release time for the development, delivery and revisions of distributed learning programs or courses. To the extent that they contain provisions that address release time and workload

for the development, delivery and revisions of distributed learning programs or courses, local letters of understanding shall apply.

- 14.6.4 The Employer will provide the necessary technological and human resources for employees assigned to develop and deliver the program and courses.
- 14.6.5 The Employer will provide the necessary and appropriate training in the use of relevant educational technology for employees assigned to deliver distributed learning programs and courses.
- 14.6.6 Employees delivering distributed learning programs/courses shall not be required to provide technical support to students taking distributed learning courses.
- 14.6.7 Employees shall not be required to deliver distributed learning programs/courses from their home. Employees delivering or developing distributed learning courses shall be provided with office space and the appropriate technology to support them in their work.
- 14.6.8 Where an employee has been assigned an online course and agrees to the employer's request to teach all or part of that course from home, the employer shall provide the appropriate technology and pay for the reasonable and approved costs of delivering those courses from home.
- 14.6.9 No regular employee will be laid off as a direct result of the introduction of distributed learning.

- 14.8.3 The University-College may, upon written agreement, cede copyright to faculty.
- 14.8.4 The University-College shall pay, to any author or authors, royalties totalling 50% of any net profit for selling any copyright material, unless the material was the result of a specific assignment by the University-College, in which case the University-College shall have full ownership of royalties.
- 14.8.5 Notwithstanding the above provisions, University-College students shall not be charged for any materials produced by University-College professors/instructors except as approved by the appropriate senior administrator.
- 14.8.6 A faculty member may request from the appropriate senior administrator clarification of the copyright status of any work undertaken or to be undertaken by the faculty member which may lead to a copyright. Such requests shall, whenever possible, be made prior to the faculty member undertaking such work.

14.8.7 *Copyright Ownership*

The copyright or patent for any work product, including creative work, instructional strategies or curriculum/instructional material, software or any other material or technology that may be copyrighted or patented:

14.8.7.1 *Belongs to the employee(s) where the work product has been prepared or created as part of assigned duties, other than the duties listed in Article 14.8.7.2 below, and the copyright to all copyrightable material shall be the sole property of the employee(s) and shall be retained throughout his or her lifetime and upon his/her death by his/her heirs or assigns; and,*

14.14 ACADEMIC FREEDOM

Society benefits from the search for knowledge and its free exposition. Academic freedom is essential to both these purposes in the teaching function of the University-College as well as in its scholarship and research. There shall be no infringement or abridgement of the academic freedom of any faculty member. Faculty members are entitled, regardless of prescribed doctrine, to freedom in carrying out research and in publishing the results thereof, freedom of teaching and of discussion, freedom to criticize the University-College and freedom from institutional censorship. Academic freedom does not require neutrality on the part of the individual. Rather, academic freedom makes commitment possible. Academic freedom carries with it the duty to use that freedom in a fair manner consistent with the scholarly obligation to base research, criticism, and teaching on an honest search for knowledge.

14.15 RETIREMENT

Said administrators shall be required to meet the educational background required of University-College professors/instructors who teach similar courses in the division.

15. GENERAL

15.1 FACULTY ROLE IN CURRICULUM AND PROGRAM DEVELOPMENT

- 15.1.1 It is recognized that faculty involvement in curriculum and program development is vital for the maintenance of the quality of instruction at Malaspina University-College. Further, as faculty are expected to maintain currency within areas of expertise and are provided opportunity to do so, it is essential that faculty are recognized as key players in both curriculum and program change and development.
- 15.1.2 The process of curriculum and program changes and development will involve faculty, chairs and Deans of Instruction within each program group. Each program group will establish methodology incorporating the above that will satisfy the respective needs of the program or discipline group.
- 15.1.3 The process does not negate the possibility of either program or curriculum changes emanating from other sources but where this does occur the aforementioned group is to have a meaningful part in the curriculum and program development process.

15.2 EARLY RETIREMENT INCENTIVE

- 15.2.1 The University-College may offer, or the faculty member may request a choice of one of the early retirement incentive alternatives described herein provided the faculty member meets the following qualifications:

 - c) is a regular faculty member on continuing appointment at the time of early retirement
 - d) is not eligible for future incremental progression
 - e) retires from his/her regular position

15.2.2 A regular faculty member has the right to accept or decline an early retirement incentive offer made by the University-College within ten (10) working days of the offer being proposed.

15.2.3 In the event of acceptance of an offer of early retirement, a regular faculty member's date of retirement shall be effective on a date mutually agreed upon between the regular faculty member and the President. That date shall be during the contract year in which the offer occurred.

Effective the 2003/2004 contract year, the University-College shall make available a fund equal to three times the annual salary of a faculty member at the top of the faculty salary scale.

15.2.5 Eligible employees may apply for an early retirement incentive up to a maximum of the value of their annual salary. Employees aged 60 to 64 years at the time of the offer of the incentive will have the incentive pro-rated as follows:

Age at Retirement	Percentage of Annual Salary At Time of Retirement as the Basis of the Incentive
55-59	100%
60	80%
61	60%
62	40%
63	20%
64	0%

15.2.6 Subject to the limits in Article 15.2.5, each faculty member receiving an ERI will receive an amount calculated as follows:

$$\frac{\text{Member Seniority}}{\text{Total Seniority}} * 3 * \text{Annual Top of Scale}$$

Where Total Seniority is the sum of the number of years of seniority of all applicants receiving an Early Retirement Incentive. For the purposes of this calculation, the number of years of seniority for a

person receiving the maximum benefit pursuant to Article 15.2.5 shall be deemed to be exactly the number necessary to generate that maximum amount. The seniority shall be calculated as of the first pay in August of the year in which the application is made.

The process for allocation of the ERI shall be as follows:

- (a) The deadline for applications shall be the last business day of October.
- (b) Once all applications have been received, an initial calculation shall be made to determine the minimum amount each applicant shall receive should all applicants accept the ERI offers.
- (c) The amount of the faculty member's ERI offer shall be communicated to the faculty member within five business days of the last business day of October.
- (d) A faculty member wishing to accept the offer must communicate her or his acceptance by the end of the 5th business day following the receipt of the Early Retirement Incentive calculation. The applicant's acceptance or rejection of the offer shall be in writing or via E-mail to the Director of Human Resources.
- (e) the calculation of the value of the ERI shall be redone using only the seniority of those faculty members accepting the original offer, and that (equal or higher) value shall be the amount the faculty member receives as her or his ERI.

15.2.6.1 Where there is any residual money left, that residual shall be allocated to the Faculty Association P.D. fund referred to in Article 12.3.1 (b).

15.2.7 Agreement shall be in writing and shall specify the early retirement date with the incentive option agreed upon.

15.2.8 Payment of the early retirement incentive will be scheduled according to the mutual agreement of the University-College and the faculty member but will not extend beyond the faculty member's 65th birthday.

15.2.9 A faculty member receiving an ERI may not teach more than one course per term or two courses per academic year after retiring.

- a) Subject to approval by the Appropriate Senior Administrator, faculty members who are offered early retirement incentives may choose to postpone their date of retirement for two (2) years by means of a

one-time reduction of their workload. The combined payout of the early retirement incentive and salary for part-time work in each fiscal year shall not exceed the salary the faculty members would receive if they were working full time. Any unpaid balance will be paid out at the end of the two-year period. The full regular position shall be posted at the end of the two years, in accordance with Article 9.3.1.

- b) The portion of the workload of a temporary faculty member who is replacing the work of a regular faculty member in accordance with a) above, shall not be eligible to be counted for regularization purposes.

17. INTERNATIONAL EDUCATION

The Parties agree that participation in international education is important and valuable, enhancing student and faculty opportunities.

The Parties agree that this Article shall govern the terms and conditions for faculty who travel outside Canada and the U.S. to perform assigned work pursuant to the collective agreement.

17.1 GENERAL

17.2 EXPENSES

- a) The University-College will reimburse, pursuant to Policy 42.08, receipted expenses incurred by a faculty member while on University-College business. The University-College may grant a sufficient travel advance to cover those expenses that can reasonably be anticipated prior to travel, including appropriate transportation, accommodation and meal expenses.

The University-College will advance monies in such instances if there is an anticipated delay from the insurance carrier.
- d) A faculty member will be referred to the Human Resources Department to clarify the benefit and travel medical insurance coverage.
- e) In no event will a faculty member who is eligible for benefits receive greater benefits than he or she would have been covered for while employed at his or her home campus.

17.3.2 Notwithstanding the provisions of 17.3.1, in cases where a faculty member does not have Extended Health Benefit Coverage, the University-College will supply travel medical insurance. Article 17.3 also applies to travel in the United States.

11. Responsible for the development and management of educational service contracts as required by the Dean.
12. Where there is an elected Chair in accordance with this agreement, Chairs are responsible for faculty evaluation, notwithstanding Article H.3.
13. Coordinates orientation of new faculty in consultation with Departments and the Dean.
14. Consults as required with regional campuses regarding program delivery and management.
15. Student complaints and grade appeals are the initial responsibility of the Chair, who will refer unresolved cases to the Dean.

RE MEMORANDUM OF AGREEMENT AND AREA CHAIRS

Notwithstanding the fact that neither party raised this issue in its initial set of proposals we are prepared to agree on a without prejudice basis to the Memorandum of Agreement being repeated in its entirety for the duration of the new collective agreement. This will give us the opportunity to better determine how Area Chairs will fit into the future instructional administrative structure.

LETTER OF UNDERSTANDING: RENUMBERING OF COLLECTIVE AGREEMENT

Whereas the parties previously agreed to rearrange the terms of the May 1, 1994 to April 30, 1995 collective agreement between them solely for the purpose of conforming to the CIEA format;

The parties agree as follows:

1. This Letter of Understanding is intended to continue in force through succeeding collective agreements.
2. The changed arrangement of the terms of later collective agreements from the arrangement in the May 1, 1994 to April 30, 1995 collective agreement is not intended by the parties to have any substantive effect or to result in a clause having a different interpretation than it would have had under the May 1, 1994 to April 30, 1995 collective agreement.
3. No arbitrator or arbitration board shall interpret a collective agreement provision differently than it would have been interpreted in the May 1, 1994 to April 30, 1995 collective agreement unless it is for reasons other than the different arrangement or location of clauses in the subsequent collective agreement.

LETTER OF UNDERSTANDING: PRIOR LEARNING ASSESSMENT

Definition:

Prior Learning Assessment (PLA) is the assessment by some value and reliable means, of what has been learned through formal and non-formal education/training or experience, that is worthy of credit in a course or program offered by the institution providing credit.

The assessment and evaluation of prior learning and the determination of competency and credit awarded will be done by instructional or faculty staff who have the appropriate subject matter expertise, but other staff may have a supporting role in the process.

The work required for prior learning assessment includes but is not limited to: classroom-based and individual advising; classroom-based and individual assessment, training and upgrading; development of assessment tools; and training in the use of flexible assessment.

Training in Prior Learning Assessment:

An employee required to perform prior learning assessment responsibilities as part of his/her workload, has a right to Employer-paid training time and expenses, in the methodology and application of prior learning assessment as necessary for the assigned task.

Prior Learning Assessment Coordinators

Prior Learning Assessment coordinators will be faculty or instructional bargaining unit members.

Prior Learning Assessment (PLA) assignments shall be provided on a voluntary basis as an addition to an individual faculty member's assigned workload. A PLA assignment will be provided by agreement of the faculty member, Chair and Dean.

An individual faculty member may accept PLA assignments for up to a maximum of ten (10) students and not exceeding 30 credits in an academic year (e.g., ten (10) 3-credit PLA assignments = 30 PLA credits). Acceptance of PLA assignments for more than ten students or totaling more than thirty (30) credits in an academic year requires the written approval of the MFA Chief Personnel Steward and the Vice President, Instruction.

PLA assignments will be identified on the workload report and considered as part

of the non-teaching responsibilities of MFA instructional faculty to be referenced in formal evaluations (Article 7.3.1).

The faculty member shall receive two-hundred and fifty dollars (\$250) for each 3 credit PLA assignment. One-half of this amount shall be paid to the faculty member on the first pay period following confirmation of registration and payment of PLA fees by the student being received in Human Resources and the remaining one-half shall be paid to the faculty member on the pay period occurring eight weeks after the registration and payment of PLA fees. The faculty member will be compensated for the full amount whether or not the student completes the PLA process.

Where a PLA is undertaken for a course with fewer or greater than three credits, actual payment for each PLA assignment will be pro-rated. For example, faculty will receive \$83.34 ($\$250/3$) for each PLA assignment for one student in a one-credit course; \$125.00 ($\$250/2$) for a 1.5-credit course; \$166.67 ($\$250 \times 2/3$) for a two-credit course; \$333.34 ($\$250 \times 4/3$) for a four-credit course, etc.

For the purpose of this agreement, where the PLA solely involves the administration of a challenge examination for the course, reimbursement shall be as follows:

1. Pre-existing format (with minor revisions to existing assessment tool)
\$50.00
2. Customized format (exam designed specifically for individual assessment)
\$100.00

Should it be known in advance of a semester that PLA assignments in an instructional area will likely exceed 30 PLA credits, the appropriate Dean of Instruction may, at his/her discretion and with the mutual agreement of the faculty member and the departmental chair, provide release time in lieu of payment to a faculty member qualified to accept these assignments. Such release time can occur only during the academic year in which the PLA workload is assigned. Release time shall be awarded on the basis of 30 PLA credits being deemed equal to one-hour of instructional workload release or 90 PLA credits being equal to one section of workload release (i.e., 1/8 of a full-time workload).

If PLA credits in an academic year are insufficient to warrant workload release, payment will be processed as noted above.

Three months prior to the expiry of this Letter of Agreement the Joint MFA-Management committee will review the implementation of this agreement, using data and input from the PLA Coordinator, Deans and the MFA.

The Letter of Agreement will be in effect for the period of August 1, 2001 through June 30, 2002 and may be extended by mutual agreement.

Signed: June 22, 2001

Addendum to Letter of Understanding:

With the permission of the appropriate Dean, rather than choosing to administer individual assessments for one student for individual courses that total nine credits or more, a faculty member may choose to conduct one PLA Comprehensive Assessment for the outcomes of a block of courses that total nine credits or more for one student.

Reimbursement for a PLA Comprehensive Assessment conducted by one faculty member for one student is as follows:

- \$500.00 for the first nine credits and \$15.00 per credit above nine credits.

LETTER OF UNDERSTANDING: SABBATICALS/UPPER LEVEL
RELEASE/WORKLOAD

It is agreed that a Joint Committee of representatives of Malaspina University-College ("MUC") and Malaspina Faculty Association ("MFA") will be established to review and make recommendations to MUC and MFA on revisions to the current provisions in the Collective Agreement related to assisted professional development leave, upper level release and workload in accordance with the provisions of the following Letter of Understanding:

It is agreed as follows:

1. The parties are committed to develop positive changes/modifications to the current contractual provisions related to assisted professional development leave, upper level release and workload in ways that would be of benefit to all faculty and the institution as a whole. To this end, such changes/modifications to the current collective agreement provisions may provide:
 - (a) the replacement of upper level release with a more comprehensive approach to scholarly activity in the form of guaranteed sabbaticals
 - (b) more flexible workload arrangements
 - (c) simplification of workload reporting
2. A Joint Committee shall be established comprised of eight (8) representatives, four (4) appointed by the MFA and four (4) appointed by the MUC. This Committee shall be established as soon as possible.
3. This Joint Committee shall commence its deliberations as soon as practicable following August 15, 2001 and shall make recommendations to both parties by no later than December 31, 2001.
4. The recommendations of the Joint Committee shall include specific changes to the Collective Agreement which are necessary in order to give effect to its recommendations.
5. The deliberations of the Joint Committee and its recommendations shall be guided by and be made in accordance with the following terms of reference:
 - (a) The effect of the proposed changes to the Collective

Agreement will not increase net costs attributable to direct instruction. In addition, delivery of FTE students contained in the 2001/02 Program Profile will be maintained, as much as is practicable.

(b) The focus of proposed changes should be on fairness, simplicity, flexibility and transparency.

(c) The intent is to change the current system of leaves and releases to a system of sabbatical leaves applicable to all regular instructional faculty.

(d) It is intended that non-instructional faculty would continue to have the opportunity for Professional Development leaves on the same general proportional basis as they would have under the Collective Agreement replacing the one expiring on March 31, 2001.

(e) It is recognized that consequential changes to provisions of the Collective Agreement may be recommended in order to give effect to the Joint Committee's recommendations.

(f) The recommendations shall include, if possible, recommendations to implement the proposed changes to commence in the 2002/2003 academic year but in no event later than the 2003/2004 academic year.

(g) In the event that the recommendations contemplate implementation for the 2002/2003 academic year, the recommendations shall include proposed ways to implement the transition.

(h) Every reasonable effort shall be made to achieve a consensus on the Joint Committee's recommendations.

6. The Joint Committee shall, no later than December 31, 2001, either:

(a) Present its recommendations to the MUC and MFA on the proposed changes to the Collective Agreement; or

(b) In the absence of a consensus on all proposed changes, present to the MUC and MFA those proposed changes on which consensus was reached and outline the areas or issues on which full consensus was not reached.

7. In the event that the Joint Committee's report to the parties is made in accordance with 5(b) above, it is agreed that a mutually agreeable mediator/facilitator from the academic community will be requested to assist the Joint Committee to arrive at a consensus on the outstanding issues.
 8. The role of the mediator shall be to:
 - (a) Meet and confer with the Joint Committee within the 30 calendar day period immediately following the Joint Committee's report made in accordance with 5(b) above.
 - (b) Assist the Joint Committee in arriving at a consensus on the outstanding issues.
 - (c) If unable to assist the Joint Committee achieve a consensus on proposed changes to make non-binding recommendations to the MUC and MFA on proposed changes to the Collective Agreement on the outstanding issues. These recommendations are to be made within 10 days of the mediator/facilitator concluding his/her conferring with the Joint Committee.
- Recommendations made by the Joint Committee in accordance with 5(a) or recommendations of the mediator/facilitator made in accordance with 7(c) shall be considered by the MFA and the MUC and if accepted by both parties shall be implemented as recommended. It is agreed that recommendations made by the Joint Committee in accordance with 5(a) or by the mediator/facilitator in accordance with 7(c) shall be put to a vote of the members of the MFA bargaining unit once approved by the Malaspina University-College Board and if accepted by a majority of those voting shall be considered approved by the MFA.
 - Each party shall advise the other within 10 days whether or not the recommendations are accepted or not.
 - In the event that either party does not accept the recommendations made to it in accordance with this Letter of Understanding, the provisions of the 1998-2001 Collective Agreement including all letters of agreement related to workload will continue to apply.

LETTER OF AGREEMENT: NEW FLAT RATE FOR INSTRUCTION

It is agreed that nothing in the establishment of this rate and related provisions, will reduce the previous entitlement for Upper Level release afforded to temporary faculty.

Accordingly, Article 10.11.1 (a) will apply to temporary faculty with a seven section or equivalent assignment which includes one or more upper level sections per academic year in that the temporary faculty member will be paid for the eighth section or equivalent.

LETTER OF AGREEMENT: WORKLOAD

Class size maxima

Class size maxima for the years 2001/2002 shall be the same as they were in 1997/1998 except where specified below or where changed according to the provisions below.

The 1998/1999 letter of agreement limiting the number of contact hours in biology shall be renewed for 2001/2002.

Where a department offers multiple sections of a course and where the workload in that department is capped by the number of contact hours, the department may choose to reconfigure the delivery of its courses by increasing the class size maxima and decreasing the number of sections offered providing that:

- the number of student spaces available for each course is the same as the number of student spaces that would be delivered had the department not decided to reconfigure its course delivery,
- the reconfiguration of any course ensures that students in the course each have at least one scheduled lab, lecture or seminar hour per week where the student instructor ratio is at most the 1997/1998 class size.
- the workload can be assigned so that no instructor is assigned a workload that results in more than a 10 percent increase in the total number of students they would have had under the 1997/1998 class size limits.
- the number of contact hours for instructors teaching an upper division course is at least 21 hours per year and the number of contact hours for other instructors is at least 24 hours per year (exclusive of release time for other activities)
- the reconfigured workload results in a new maximum number of contact hours for the members of the department. The new maximum number of contact hours shall form part of the reconfiguration plan.

Where a department chooses to reconfigure its classes, it shall file the reconfiguration plan with the Dean and the Dean shall approve the plan and forward a copy of the plan to the MFA within 2 weeks of receiving the plan. The reconfiguration plan shall include the maximum class sizes for each section and the teaching assignments for each instructor in the department.

Where a department's reconfiguration results in an increase in student numbers, seventy three (73) percent of the money generated by the increased tuition shall be used exclusively for funding teaching release or research activity as jointly determined by the Dean and the department. The money generated in a year may be carried over for use in a subsequent year.

Where the money is to be used for teaching release, the provisions of subsection (d) above shall apply.

This clause shall be effective from August 1, 2001 to July 31, 2002.

LETTER OF UNDERSTANDING: UPPER LEVEL RELEASE

The parties agree to the following interpretation of Article 10.11.1 (a):

In order to be eligible for Upper Level release, the FTE instructional appointment of the instructor must be 1.00 for the academic year. The actual workload assignment, which may include paid release sections for a variety of purposes (including but not limited to the cases of governance committee release, scholarly release, chair/coordinator release, release for research funded by external sources, union leave and discretionary release) and the assignment of non-instructional duties, does not eliminate the entitlement to the Upper Level release.

A leave for the purposes of assisted leave (i.e., paid professional development leave of absence) under Article 12.4 or maternity, parental or adoption leave under Article 12.10 does not eliminate the Upper Level release entitlement.

If an instructor is on partial or full unpaid leave for one complete semester, that faculty member has no entitlement to Upper Level release in the academic year during which the leave occurs.

In the case where a faculty member, whose original instructional workload assignment includes upper-level release, is absent as a result of unplanned sick leave (including Long Term Disability leave), the original instructional assignment inclusive of the upper level release shall be followed for that portion of the academic year in which the faculty member is not absent.

In addition, the following workload components do not qualify in determining eligibility for Upper Level release:

- Directed Studies;
- Senior Projects;
- Non-release section(s) of Prior Learning Assessment;
- Overload;
- Contract activity not related to the normal delivery of credit instruction during the fall and/or spring semesters;
- Courses taught voluntarily outside the normal fall and spring semesters unless the course is required for a program and designated to be taught in intersession in the official program outline as approved by Education Council. (Notwithstanding this, where part of the regular workload for a faculty member is assigned during intersession, it will be considered in determining eligibility for Upper Level release.)

The parties further agree that those faculty members who were denied upper level release during the academic year 2000-2001 but who are entitled to it under this Letter of Understanding, will be granted such release, in addition to any release to which they are otherwise entitled, in the academic year 2001-2002.

This agreement represents final resolution to Grievance 00-04 and regarding certain issues related to upper-level release. Notwithstanding this, the parties acknowledge that they differ on the interpretation of the Collective Agreement as it applies to eligibility for upper level release during an academic year in which a faculty member takes a scholarly activity semester as a result of grouping previous upper level release under Article 10.11.1.1. This agreement does not preclude the discussion and formal negotiation of alternative approaches to the question of release.

LETTER OF UNDERSTANDING: SUMMER SESSION COURSES

It is agreed that grand-parented faculty who have pro rata status in accordance with Article 11.1.4.4 shall have the right of first refusal, on the basis of temporary seniority, to available work for which the faculty member is qualified during the summer session. Such assignments shall be paid at his/her pro rata rate.

LETTER OF UNDERSTANDING: POLICIES ON RETIREMENT
APPRECIATION AND PARKING

1. Malaspina University-College agrees to develop policies based on the drafts discussed at collective bargaining that will include provisions on:
 - a) access to certain Malaspina University-College services for retired employees;
 - b) designated parking spaces for certain employees required to leave and return to campus on a frequent basis.
2. The above policies will be submitted for approval by the Malaspina University-College Board as soon as possible following the ratification of a new Collective Agreement.

LETTER OF UNDERSTANDING 4

PARTIAL SICK LEAVE AND PARTIAL DISABILITY BENEFITS

The Parties agree that it is in the interests of both the employee and the employers to enable an employee to remain at work when the employee is only partially disabled.

“Partially disabled” for the purpose of this Letter of Understanding means that the employee is unable to do a portion of his/her normal workload where such portion is agreed by the employer to conform to the configuration of faculty workload in the employee’s instructional or non instructional areas and where the partial sick leave is in any event no greater than eighty percent (80%) of a full-time workload in that area. The application of this definition is subject to the employer’s legal duty of accommodation.

Determination of whether the employee is partially disabled as defined above shall be by the short-term disability benefits carrier.

An employee who is determined to be partially disabled will be entitled to sick leave under Article 9.3.2 on a pro-rated basis until the employee has satisfied the qualifying period for short-term disability benefits of the equivalent of thirty (30) complete calendar days. In any event, to qualify for short-term disability benefits the employee must complete the qualifying period within six (6) months of the date the employee commenced part-time sick leave.

Should the employee return to his/her full normal duties of his/her own occupation during this qualifying period for short-term disability benefits and then become disabled from the same or related disability within fourteen (14) consecutive calendar days after returning to full active employment, he/she will be considered to be within the same qualifying period.

The employee is required to meet all application, reporting, and other requirements provided for in this short-term and long-term disability benefits plans as applicable.

The carrier’s approval of a partial disability claim for sick leave continuation on a pro-rata basis does not in itself mean that the employee’s subsequent claims for short-term disability benefits will be automatically approved, nor does approval for short-term disability benefits mean that the employee’s subsequent claim for long-term disability benefits will be automatically approved.

Additional information on the processes and criteria for partial sick leave and partial disability benefits are set out in the document titled “Administration of

Partial Sick Leave and Partial Disability Benefits”, which the Parties agree shall be part of the “Policies and Procedures” sections of the Disability Management Handbook for the common disability benefits plan set out in Article 9.3 of the Common Agreement.

LETTER OF UNDERSTANDING: FINANCIAL INCENTIVE

Each member of the bargaining unit employed by University on March 31, 2007 shall receive an incentive one-time payment if the bargaining unit's Memorandum of Agreement for its 2007-10 Collective Agreement with its Employer is signed by the Union and the Employer by March 31, 2007.

The incentive payment shall be four thousand dollars (\$4,000) for each full-time equivalent employee and shall be pro-rated for part-time employees. For the purpose of the determination of the amount of the incentive payment, a full-time equivalent employee is a regular or non-regular employee who worked on a full-time basis for the twelve (12)-month period ending on the incentive eligibility date. The incentive payment for an employee who worked less than full-time over this period shall be pro-rated for the fraction of a full-time employee workload that the employee worked over this period. For the purpose of calculating the amount of an employee's incentive payment, time spent by employees on paid leaves and the leave listed below shall be considered as time worked:

- Maternity or parental leave
- Short-term disability leave
- Long-term disability or Workers' Compensation leave that commenced within the twelve (12)-month period ending on the incentive eligibility date.

The incentive payment shall be paid to employees as soon after the date of ratification as is practicable for the institution to determine and pay the amounts to employees. The Employer shall make every reasonable effort to make the incentive payment to employees no later than two months following the applicable eligibility date specified above.

LETTER OF UNDERSTANDING: FISCAL DIVIDEND

The parties agree as follows:

Having agreed the term of the Collective Agreement to be from April 1, 2007 to March 31, 2010, a Fiscal Dividend Bonus may be paid from a one-time fund (the “Fund”) generated out of monies, in excess of \$150 million, surplus to the BC government, as defined in the Province’s audited financial statements, for the fiscal year 2009-10.

1. If fiscal dividend funds are determined to be available, a Fiscal Dividend will be paid as soon as is reasonably practicable.
2. The quantum of the Fund accessible for the parties to this Agreement will be based on the Province’s audited financial statements as at March 31, 2010. The Fund will be determined as follows:
 - a. The calculations will be based on the surplus, as calculated before deduction of any expense associated with the Fiscal Dividend Bonus, achieved in fiscal 2009-10, as published in the audited financial statements for that fiscal year, provided that the surplus is in excess of \$150 million.
 - b. Only final surplus monies in excess of \$150 million will be part of the Fund, and the total quantum of the Fund for the entire public sector (including all categories of employees) will not exceed \$300 million.
 - c. The quantum of the Fund will be constrained by the proportion of the public sector that is eligible to participate in the Fiscal Dividend Bonus i.e., 100% of the Fund will be available if 100% of all categories of employees in the public sector under the purview of Public Sector Employers’ Council participate, but if a lesser number participate, a proportionately lesser amount of the Fund will be available.
 - d. Additionally, the Fund will be proportioned among all groups of public sector employees by ratio of group population to total population participating.

The Fiscal Dividend Bonus will be paid to each member of the bargaining unit who is employed by the institution on March 31, 2010.

3. The Fiscal Dividend Bonus shall be a one-time payment paid to each full-time equivalent employee and paid to each part-time employee on a pro-rated basis. For the purpose of the determination of the amount of the Fiscal Dividend Bonus, a full-time equivalent employee is a regular or non-regular employee who worked on a full-time basis for the period of April 1, 2009 to March 31, 2010. The Fiscal Dividend

Bonus for an employee who worked less than full-time over this period shall be pro-rated for the fraction of a full-time faculty workload that the employee worked over this period. For the purpose of calculation the amount of an employee's incentive payment, time spent by employees on paid leaves and the leaves listed below shall be considered as time worked:

- Maternity or parental leave
- Short-term disability leave
- Long-term disability or Workers' Compensation leave that commenced between April 1, 2009 to March 31, 2010

The Fiscal Dividend Bonus shall be paid to employees as soon after March 31, 2010 as is practicable for the institution to determine and pay the Bonus amount to employees.

LETTER OF UNDERSTANDING: MBA LOU

The Parties agree to the following process of review of the three Letters of Agreement MBA (MBA LOAs) dated August 31, 2004, September 7, 2005, and November 1, 2005.

1. A committee will be struck to discuss and review the MBA LOAs with a view to recommend changes to the MBA LOAs to be effective up to March 31, 2010.

2. The Committee shall include three (3) representatives of MUC and 3 faculty representatives on behalf of the MFA, two (2) of whom shall be from the Business Department, and at least one (1) of which teaches in the MBA program.

3. The Committee shall meet and discuss possible changes to the MBA LOAs to reflect the new MBA program.

4. If agreement is reached by the Committee on changes to the MBA LOAs those recommended changes will be presented to their respective principals for ratification. It is understood that ratification on behalf of Malaspina University-College includes the approval of both the PSEA and PSEC.

5. In the event that the Committee does not reach full agreement on how to revise the MBA LOAs then those parts of the MBA LOAs that have been agreed to will be recommended to their respective principals.

6. In the event that the MUC and the MFA do not accept the recommendations of the Committees pursuant to paragraphs 4 or 5 above, a new MBA Letter of Agreement will be put to ratification by both parties to the extent that such an MBA LOA was agreed to at the bargaining table as at March 11, 2007.

7. This Committee shall commence meeting as soon as possible in March 2007.
