

**ELECTRONIC MSDS SOFTWARE** (*Material Safety Data Sheets*)

<b>Local</b>	<b>MSDS description</b>	<b>Cost /year</b>	<b>Implement date</b>	<b>Pros</b>	<b>Cons</b>	<b>Other comments</b>
01 CFA						
02 TRUFA	MSDS online					
03 FACNC	Subscribe to CCOHS which has MSDS database					Up to each area to decide if they require paper copy as well as on-line access. Most areas also have paper copies. Up to prep person to maintain paper copies up to date.
04 DCFA						
05 KFA						
06 CORFA	Paper-based MSDS sheets					Currently each dept is resp for their own MSDS sheets & inventories. Every summer univ hires work study student to do audit.
07 UFVFS A	3E					Currently have one person resp for over 3500 sheets, with only 2/das month release time, and she is somewhat overwhelmed. Use 3E, but doesn't seem adequate.
08 VIUFA	WellNet Solutions www.wellnetsolutions.com					WellNet Solutions – has eased workload for minimal costs. VIU's H&S office strongly recommends other instns try it out.

Local	MSDS description	Cost /year	Implement date	Pros	Cons	Other comments
09 OCFA	Paper-based MSDS sheets and web links					Each area stores relevant MSDS info (related to their area) in binders. This allows for quick review (not all employees have immediate access to computers, such as janitors and Facilities Maint. Workers – providing binders is effective). H&S website has links to numerous sites where MSDS info can be obtained by typing in the chemical name.
10 SCFA						
11 AWU	Paper-based MSDS sheets					
12 CCFA						
14 LFA						
15 VCCFA	Paper-based MSDS sheets					
16 NICFA						
17 TRUOLFA	MSDS "fetch"					
19 NVITEA						
21 PSFSA						
22 ECUADFA
