(hereinafter called "the College")

OF THE FIRST PART

AND:

The Langara Faculty Association, of Langara College, of the City of Vancouver, in the Province of British Columbia,

(hereinafter called "the Association")

OF THE SECOND PART

WHEREAS the College is an employer within the meaning of the Labour Relations Code of British Columbia;

AND WHEREAS the Association is a Trade Union within the meaning of the said code and is the bargaining authority for that group of employees engaged as Instructors, Counsellors and Librarians in programs and courses conducted by Langara College;

AND WHEREAS the Association and the College have agreed that this Agreement does not apply to any employee engaged in Continuing Studies unless expressly agreed herein;

NOW THIS AGREEMENT WITNESSETH that the parties hereto agree with each other as follows:

1. TERM AND PURPOSE OF AGREEMENT

1.1 The purpose of this Agreement is to establish and maintain orderly relations between the parties.

1.2 The parties agree to the following terms of contract.

1.3 Future Legislation

In the event that any future legislation renders null and void or materially alters any provision of this Agreement, the parties hereto will negotiate a mutually agreeable provision to be substituted for the provision so rendered null and void or materially altered.

1.4 Conflict with Policies

In the event of a conflict between the contents of this Agreement and any policies made by the College, the terms of this Agreement will prevail.

1.5 Term

This Agreement shall be for a term of thirty-six (36) months from April 1, **2022**, to March 31, **2025**, both dates inclusive. The operation of Section 50(2) of the Labour Relations Code of British Columbia is hereby specifically excluded.

1.6 Where notice to commence collective bargaining as provided for in the Labour Relations Code of British Columbia has been delivered by either party to the other, the parties shall, within ten (10) working days after receipt of said notice, commence to bargain collectively.

2. DEFINITIONS AND COVERAGE FOR BENEFITS

2.1 For purposes of this Agreement, the following definitions shall apply:

Such an appointment is not intended to lead to subsequent appointment as a regular faculty member but yet may do so. 3. ASSOCIATION MEMBERSHIP AND DUES DEDUCTIONS

- 3.1 Membership in the Association is voluntary.

3.2 All employees covered by the Association's certificate of bargaining authority shall, as a condition of employment, pay a monthly fee to the Association equal to the monthly dues as determined from time to time in accordance with the by-laws of the Association. Such payment will be made by payroll deduction in accordance with the provisions of Part 2, Section 16 of the Labour Relations Code of British Columbia.

4. GRIEVANCES

4.1 Any difference arising between the parties bound by the Agreement concerning its interpretation, application, operation, or any question as to whether any matter is arbitral, shall be resolved without work stoppage, and the stages shall be undertaken without delay, as hereinafter provided:

4.1.1 Stage I

The aggrieved faculty member with a member of the Executive of the Association shall first take up the matter with the appropriate Dean **or Director** together with any other member of the College staff within thirty (30) working days of the date on which the incident giving rise to the grievance occurred, or of the time when the grievor could have reasonably been expected to become aware of the incident, whichever is later. This step shall not exceed **ten (10)** working days. This meeting shall be considered as the official commencement of the grievance.

4.1.2 Stage II

If Stage I fails, the grievance may be referred by the grieving party to the President of the Association or delegate and the President or delegate who shall endeavour to settle it. If such reference is made, the grieving party shall present to them a statement, in writing, of what it considers the grievance to be. This stage shall not exceed five (5) working days.

4.1.3 Stage III

Should no settlement have occurred, the difference may be referred by the grieving party to an Arbitrator for final and conclusive settlement.

4.1.4 If the parties cannot agree upon the arbitrator, the Minister of Labour shall be requested to make the appointment pursuant to Section 86 of the Labour Relations Code of B.C. The decision of the arbitrator shall be final and binding on both parties. This decision shall be made and transmitted to both parties within fifteen (15) working days from the date of the appointment of the arbitrator. Each party shall pay: its own expenses and

costs of arbitration; and one-half of the compensation and expenses of the arbitrator and of stenographic and other expenses of the arbitrator.

4.2 The party responsible for advancing the grievance to each succeeding step shall do so by notifying the other party in writing, not later than six (6) working days from the expiration of the previous stage. The succeeding stage shall commence the day following receipt of such notice. If such notice is not given, the grievance shall be deemed to be abandoned and all recourse to the grievance procedure shall be at an end.

4.3 Extensions of the time periods in the steps or for the rendering of the decision of an Arbitrator shall be made only by agreement of the parties in writing.

5. DUTIES AND RESPONSIBILITIES

5.1 The assignment of full-time regular faculty is for a ten-month duty period.

5.2 Faculty members shall be considered to be "on duty" unless absent in accordance with the provisions of this Agreement.

5.3 Duties and responsibilities of faculty include: instructional assignments; course, program and curriculum preparation; review and assessment of courses, programs and curricula; student contact; marking; assessing; the development of teaching aids and special instructional materials; participation in in-service activities; professional development; the acceptance of special assignments related to the specialty of a faculty member or to the effective organization and operation of the campus; and other functions and responsibilities ancillary to instruction; all specified herein without limiting the generality of the "duty" and of the "responsibility" of faculty.

5.4 Normally, faculty in both Arts and Science and Career disciplines shall accept responsibility for scheduled instructional and office hour assignments through two College terms in ten (10) months of annual duty, including two months of non-instructional duty for instructional faculty. Owing to the nature of their instructional assignments (involving workshops, field work, etc.), faculty in Career disciplines may be responsible for fewer students than Arts and Science faculty are, but the number of student contact hours for Career faculty may be greater than that of faculty in Arts and Science disciplines, and further scheduled instructional responsibility of Career faculty may extend beyond two (2) College terms in ten (10) months of annual duty, as the needs of specific programs and courses may dictate.

- 5.5 Faculty in both Arts and Science and Career disciplines may be given special assignments, including tutorial, enrichment, seminar and conference involvement, and other duties as may be required during the ten-month period of annual duty.
- 5.6 Duties will be assigned by the President or delegate. The detailed establishment of course assignments, instructional and office schedules, vacation schedules, professional development proposals and schedules, and related duties and responsibilities of each faculty member, is the responsibility of the Department Chair, acting with the involvement of the department, and shall be in accordance with established practice. Such assignments, schedules, duties and responsibilities shall be determined and arranged as required by the course and program offering of the College, with consideration for the wishes, special competencies, and professional requirements of faculty. Approval is the responsibility of the Division Chair, or of the appropriate Dean, if there is no Division Chair.
- 5.7 An instructional load shall include an assigned schedule of instructional hours which may include evening assignments to a maximum of three (3) nights per week plus an appropriate schedule of office hours.
- 5.8 When a unique scheduling problem exists, in the first instance it shall be dealt with on an individual basis in accordance with Article 5.6 and failing resolution shall be subject to the provisions of Article 4. of this Agreement.
- 5.9 In the event that the instructional scheduling of the College requires a member of faculty to teach more than two (2) consecutive terms, the faculty member so affected will be returned to a position in the cycling of instructional and non-instructional terms whereby no special advantage or disadvantage will have accrued as a consequence of such scheduling.
- 5.10 Faculty may be required to assist in the counselling, educational guidance, and registration of students.
- 5.11 There will be not more than five (5) days of scheduled duty per calendar week.
- 5.12 There will be not more than a maximum of thirty (30) hours of scheduled duty per week, exclusive of time for meals and breaks.
- 5.13 The College shall ensure that the average instructional load for full-time faculty shall not exceed one hundred and twenty-five (125) students in any given term. An individual faculty member shall not be required to instruct or supervise more than one hundred and sixty (160) students in any given

term unless arrangements satisfactory to the faculty member, the Division Chair and the Association are made.

- 5.14 Notwithstanding the foregoing provisions of this Article, faculty may be required to be on duty in other than the ten-month duty period provided that no ultimate loss of vacation entitlement will occur.
- 5.15 The duties and responsibilities of a preceptor shall be determined by the Department Chair or delegate (or by the Coordinator or delegate if there is no Department Chair).

6. SALARIES AND ALLOWANCES

6.1 Salaries

6.1.1 See schedule(s) to this Agreement.

6.1.2 The per diem rate for regular faculty and for temporary faculty whose contract term is twelve (12) months or longer shall be calculated by dividing the per annum rate by the maximum number of duty days for a full-time faculty member in the contract year. (This means that annual vacation pay and general holiday pay are included in each per diem amount calculated.)

6.1.3 The per diem rate for substitute faculty and for temporary faculty whose contract term is less than twelve (12) months shall be calculated by dividing the per annum rate by two hundred and two (202). (This means that annual vacation pay and general holiday pay are included in each per diem amount calculated.)

6.2 Except as otherwise provided in this Agreement:

6.2.1 A full-time regular faculty member shall be paid an annual salary determined in accordance with the per annum rates in the above schedule. The salary shall be payable **biweekly**.

6.2.2 A part-time regular faculty member shall be paid an appropriate proportion of the annual salary payable.

6.2.3 A temporary or a substitute faculty member employed on a part-time basis shall be paid an appropriate proportion of the per diem payable for the contract period (one-quarter (1/4) per section if instructional and one-sixth (1/6) per hour if not instructional).

6.2.4 With the exception of present or past faculty members, a substitute faculty member's rate will be based on Step 11 for the first twenty-two (22) days

of the same assignment and based on the step which reflects appropriate placement for the twenty-third (23rd) and each subsequent day in the same assignment.

6.2.5 In the event of the absence of a faculty member, substitute instruction shall be provided by full-time regular and/or temporary faculty for the first instructional day of absence, at no cost to the College.

6.3 A regular faculty member who starts and/or terminates employment during the contract year will have their total remuneration during the contract year calculated as if they had been on a per diem contract for the assigned duty days worked in the contract year.

6.4 Allowances

6.4.1 A Division Chair; Department Chair; Assistant Department Chair; Co-ordinator; Associate Director, Theatre Arts Program; Artistic Director, Theatre Arts Program shall receive an allowance per annum above their basic salary in accordance with Schedule A.

6.4.2 A Co-ordinator who has additional administrative responsibilities by virtue of reporting directly to a Division Chair shall receive an additional allowance per annum in accordance with Schedule A.

6.4.3 The Chair of Counselling shall be regarded as a Department Chair.

7. APPLICATION OF SCHEDULE

7.1 Initial Placement

7.1.1 Nothing in this Agreement shall prevent a faculty member from being hired on a salary above the minimum. The Association shall be advised of the name and initial placement on regular contract and salary schedule of each faculty member upon confirmation of appointment.

7.1.2 Placement of faculty above Step 11 on the salary scale shall be based on teaching and relevant work experience.

7.1.2.1 Experience in teaching at a recognized post-secondary institution will be counted on a 100% basis, with eight (8) sections (or equivalent full-time or part-time teaching load) being equal to one step on the salary scale.

7.1.2.2 Counsellors and librarians who have worked in such positions at recognized post-secondary institutions (or other institutions acceptable to

the Dean or Director) will receive credit on a 100% basis for each full-time equivalent year of experience.

- 7.1.2.3 Where the appropriate Dean agrees with the recommendation of the Division Chair and the department that other relevant work experience is required for employment in the area concerned, then recognition shall be given on the basis of one salary step for each full-time equivalent year of such experience.
- 7.1.2.3.1 Examples of such work experience may include but are not limited to the following: teaching, other employment, and research or studies beyond the Master's level.
- 7.1.2.3.2 Work experience used to establish Master's equivalency will not be included.
- 7.1.2.4 Other experience as a teacher, counsellor or librarian at a public or accredited private school will be counted on a 50% basis with each two (2) years of full-time equivalent experience being equal to one step on the salary scale.
- 7.1.2.5 Other relevant work experience, as adjudicated by the appropriate Dean or Director, may be counted on the basis of three (3) years of experience being equal to one (1) step on the salary scale.
- 7.1.2.6 Written documentation is required in proof of all instructional and work experience used for step placement.
- 7.1.2.7 The College shall inform a faculty member hired on or after the signing of this Collective Agreement of the initial placement calculation and the Langara Faculty Association shall receive notification and access to an electronic copy.
- 7.1.2.8 Where a faculty member of an institution within the BC College & Institute sector becomes employed within two (2) years by Langara College, initial placement shall be either the increment step based on the initial placement language in Article 7.1 of this Agreement, or the current or most recent salary step of the other institution, whichever is higher. This will only apply when the faculty member becomes employed in the same or a substantially similar field. The normal probation provisions will apply.
- 7.1.3 A faculty member who feels that an anomaly or inequity exists in initial placement on the salary scale may, within two (2) years of such initial placement, request a review by the President of the Association and the appropriate Dean or their delegates. The ultimate decision with respect to salary placement shall be made by the President or delegate and should

this decision be unacceptable to the faculty member or Association they shall have access to the provisions of Article 4. of this Agreement.

7.2 Increments

7.2.1 Subject to the other provisions of this Agreement a faculty member will advance one step on the salary schedule on their increment date. The increment date is the anniversary of appointment provided that: the increment date for a faculty member who commenced on or before the fifteenth (15th) of any month shall be the first (1st) day of that month; the increment date of a faculty member who commenced after the fifteenth (15th) of any month shall be the 1st day of the month following.

7.2.2 Part-time service will result in a delay and alteration of the increment date so that the faculty member receives the increment at the beginning of the month following the month in which the equivalent of a full scheduled duty year appropriate to the area, program or discipline of commitment has been accumulated.

7.2.3 The increment date shall be delayed and altered accordingly if the faculty member is absent from duty without pay. The period of delay shall be one (1) month for each month of absence or any portion thereof exceeding ten (10) days.

7.2.4 In the case of absence because of illness, no change in the increment date shall be made for absence totalling sixty (60) assigned duty days or less in any contract year after the expiration of usable sick leave.

7.2.5 Any absence from duty with pay shall not result in a delay in the increment.

7.2.6 The increment date cannot be advanced.

7.2.7 Service as a substitute faculty member cannot be used for increment purposes and a substitute faculty member is not eligible for increments.

7.2.8 The increment date shall not be delayed for such periods during leave of absence without pay when on an assignment related to the faculty member's assignment and when so approved at the time the leave was granted.

7.3 New and Revised Rates

7.3.1 A change in a rate in the schedules of salaries or allowances applicable to a classification in which the duties have been altered substantially shall not be put into effect until both parties to this Agreement have approved the rate. In the event agreement cannot be reached within seven (7) working

days, the matter of the rate shall be referred to an Arbitrator established as provided in the final step of the grievance procedure.

7.3.2 A new rate applicable to a new classification shall be put into effect and the new rate shall be subject to the agreement of both parties to this Agreement. In the event agreement cannot be reached within seven (7) working days, the matter of the new rate shall be referred to an Arbitrator established as provided in the final stage of the grievance procedure.

7.4 Recovery of Claimed Overpayments

7.4.1 It is the intention of Langara College to recover overpaid wages occurring due to such consequences as administrative delay or error. Upon the College determining that such an overpayment has occurred:

7.4.1.1 It may be corrected within two (2) months of that occurrence. The College shall inform the affected faculty member of the amount of the overpayment and the situation which gave rise to it, in advance of the payroll adjustment. Where a one-time payroll adjustment creates a significant financial hardship for the faculty member, the College will consider a faculty member's request for a schedule of recovery.

7.4.1.2 If overpayment of wages occurred which was not corrected within two (2) months of the error having occurred, the College will notify the affected faculty member in writing, with a copy to the LFA, specifying:

- a) the amount of overpayment claimed;
- b) a general description of the situation which gave rise to the claimed overpayment;
- c) a detailed calculation of the claimed overpayment;
- d) the intended schedule of recovery;
- e) the faculty member's right to consult with the LFA regarding this matter.

7.4.1.3 Should the faculty member or the LFA dispute either the intended recovery or the calculation provided, the matter shall be discussed informally with a representative from People and Culture and an effort will be made to reconcile the calculation and to accommodate the faculty member regarding the schedule of recovery. If alternate arrangements are agreed, they shall be confirmed in writing to all concerned.

7.4.1.4 If agreement cannot be reached informally, the matter shall be dealt with through the grievance procedure commencing at Stage II and within the time limits prescribed therein and recovery shall not proceed until the grievance is ultimately resolved.

7.4.1.5 Notwithstanding the foregoing, if the faculty member voluntarily terminates employment with the College before recovery is accomplished, complete recovery shall form part of the normal end-of-employment reconciliation practices.

7.4.1.6 This agreement does not address nor apply to:

- a) Normal reconciliation at the end of employment for vacation or other such entitlements where such reconciliation is clearly specified in the Collective Agreement; or
- b) Garnishees or other court-ordered claims initiated by a third party.

8. EMPLOYEE BENEFITS

8.1 Annual Vacation

8.1.1 Annual vacation entitlement for the complete year for all full-time faculty members is forty-four (44) working days.

8.1.2 Annual vacation for faculty members who work less than full-time shall be on a pro rata basis.

8.1.3 The annual vacation of forty-four (44) working days shall be taken at a time or times in accordance with Article 5.6 of the Agreement based on the needs of the College and taking into consideration the desires of the faculty member.

8.1.3.1 Annual vacation will normally be taken on the basis of one block of two (2) months, but other arrangements may be made by mutual agreement.

8.1.3.2 Annual vacation shall be approved in the following manner:

- a) faculty members will submit their vacation plans to their Department Chair, who shall recommend the vacation schedules in their department to the Division Chair for approval;
- b) Division Chairs' vacation, and the vacation of Department Chairs in the Library and Counselling, are subject to the approval of the appropriate Administrator;
- c) carryover of vacations must be approved by the appropriate Administrator;
- d) vacation plans submitted by faculty members for approval shall not be unreasonably denied.

8.1.4 A general "statutory" holiday which occurs during a vacation block is not considered to be part of the annual vacation entitlement.

8.1.5 Vacation leave shall be accrued on a pro-rata basis in the month in which a faculty member commences or terminates employment according to the period of employment in that month. 10.5.2.4 Appeal of Dismissal

Any faculty member who alleges wrongful dismissal shall be entitled to have such grievance settled in accordance with the arbitration procedure contained in the grievance procedure. If such faculty member is found by the Arbitrator to have been dismissed for other than proper cause, then such **Arbitrator** shall direct the employer or make an order in accordance with the Labour Relations Code of British Columbia.

10.5.2.5 Unsatisfactory Service

Suspension or dismissal of a faculty member for unsatisfactory service can be justified only when adequate alerting and guidance to the necessary improvement have failed to result in a satisfactory level of service. Such suspension or dismissal shall only occur after the President has obtained a report from the faculty evaluation committees. The composition of the faculty evaluation committees shall be as set out in Article 10.4.1.1 hereof.

10.5.3 Necessary Faculty Reduction

10.5.3.1 It is agreed that the College will make every reasonable attempt to minimize the impact of funding shortfalls and reductions on the work force.

Subject to budgetary constraints and the amount of funding available for labour adjustment costs, fairness, flexibility and employee choice will prevail in the implementation of labour adjustment strategies as approved by the College.

It is incumbent upon the College to communicate effectively with the faculty and the Association as soon as the impact of any funding reduction or shortfall or profile change has been assessed.

10.5.3.2 Advance Notification and Consultation

10.5.3.2.1 After identifying the specific area or areas of reduction and prior to specifically undertaking any reduction of regular faculty for the reasons prescribed in Article 10.5.3.1 above, the following will take place:

- a) the College shall, as soon as possible in advance, notify the Association, in writing, stating the reasons and the areas of the proposed reduction;
- b) the College shall engage in discussion and consultation with the Association on the intended reductions in an effort to minimize the impact on the faculty and to explore possible alternatives. The College shall provide the Association with all relevant information in order to verify the College's stated need for reduction;
- c) within ten (10) working days of the date of notification in a) above, the Association shall have an opportunity to present submissions to the College regarding the proposed reductions.

10.5.3.2.2 If after **fifteen (15)** working days following the date of notification in Article 10.5.3.2 above, the College determines that a reduction is still required, it shall make specific reductions giving notice in writing to the faculty members affected with copies to the Association.

During the above **15** days, the parties will canvas employees in a targeted area or other areas to find volunteer solutions that provide as many viable options as possible and minimize potential layoffs.

10.5.3.3 Menu of Labour Adjustment Strategies

To minimize layoffs, the following menu of labour adjustment strategies will be considered and, whenever reasonably possible, offered by the College at the appropriate time in the faculty reduction sequence (in 10.5.3.5 below):

- j) Agreed secondment;

- n) Combinations and variations of the above or other alternatives.

While various options may be considered and offered, there will be no stacking of entitlements.

10.5.3.4 Layoffs May Occur

10.5.3.5 Reduction Sequence

10.5.3.5.1 For the purposes of this Article, "area" shall be defined as department or program or subject, according to the identification of contemplated reduction.

10.5.3.5.2 Reductions shall be in reverse order of seniority within each specified area and then within the bargaining unit in the following sequence.

- a) Terminating those on temporary contracts in the specific area with one (1) month's notice (unless in the first two (2) weeks of the contract – see Article 10.3.5.2 and 10.3.6.4);
- b) Identifying the regular faculty member with the least amount of seniority in each specific area of reduction and provide the following options:
 - i) Offering a transfer to regular faculty members from the specific area to other areas compatible with each individual's abilities.

Faculty members who are offered, and accept temporary and/or part-time employment shall not lose their rights of recall to a position equivalent to the position held prior to their termination.

10.5.3.7 Records

The records of faculty members terminated owing to necessary faculty reduction and all references supplied to others with respect to the faculty member involved shall clearly point out the nature of termination and every effort shall be made to avoid any stigma of dismissal being attached thereto.

10.5.4 Severance Pay

10.5.4.1 Immediately upon appointment, a regular faculty member is entitled to be paid one (1) month's severance pay should employment be terminated by the College, under Article 10.5.3 hereof, within one (1) year of appointment as a regular faculty member. Should such severance occur after one (1) year, the faculty member's entitlement to severance pay shall be increased by one (1) month's salary for each additional one (1) year as a regular faculty member, and prorated monthly to a maximum entitlement of five (5) months. Such severance pay shall be based on the faculty member's rate of pay on the date of termination.

10.5.4.2 Severance pay shall not be granted to a regular faculty member whose employment as a faculty member is discontinued and who, of their own volition, transfers to other continuous employment with the College.

10.5.4.3 If a temporary faculty member becomes a regular faculty member, rights to severance pay shall accrue as per Article 12.5.

11. TECHNOLOGICAL CHANGE

11.1 Definition

For the purposes of this Agreement, "technological change" is a change in the instructional use of equipment or material which significantly affects the terms and conditions of employment of members of the bargaining unit or alters the basis on which this Agreement was negotiated. Layoffs caused by budget limitations, decreases in enrolment or elimination of programs shall not be interpreted as being the result of technological change.

11.2 Notice

The College shall notify the Association as far in advance as possible, in writing, of an intended technological change and its potential effect on members of the bargaining unit. Such notice shall be given at least one hundred and twenty (120) days before introducing the intended technological change and shall consist of a detailed description of the change; a proposed implementation date; the approximate number, type and location of faculty members likely to be affected by the change; and the possible effect on working conditions and terms of employment.

11.3 Consultation

When the Association has received notice of the intended technological change, the parties to this Agreement undertake to meet within the next thirty (30) days to discuss potential problems and attempt to reach agreement on solutions which will minimize the impact of the technological change on faculty members affected thereby.

11.4 Resulting Agreements

Agreements reached during discussions between the parties shall be set out in a Memorandum of Agreement which shall have the same force and effect as the provisions of this Collective Agreement.

11.5 Notice to Faculty Members Affected

Faculty members potentially affected by the intended technological change shall be notified of the impending change by the College and advised of any agreements reached under Article 11.4 hereof.

11.6 Dispute Resolution

In the event the foregoing procedure does not produce agreement or should there be a dispute as to whether or not the change is, in fact, a technological change, either party may refer the matter directly to arbitration pursuant to Article 4. of this Agreement, bypassing all other steps of the grievance procedure.

11.6.1 The Arbitrator shall decide whether or not the College has introduced, or intends to introduce, a technological change and, upon deciding that the College has introduced, or intends to introduce, a technological change, the Arbitrator:

11.6.1.1 Shall inform the Minister of Labour of its finding; and

11.6.1.2 May then or later make any one or more of the following orders:

11.6.1.3 That the change be made in accordance with the terms of the Collective Agreement unless the change alters significantly the basis upon which the Collective Agreement was negotiated;

11.6.1.4 That the College will not proceed with the technological change, for such period, not exceeding ninety (90) days, as the Arbitrator considers appropriate.

11.6.1.5 That the College reinstate any faculty member displaced by reason of the technological change;

11.6.1.6 That the College pay to that faculty member such compensation in respect of their displacement as the Arbitrator considers reasonable;

11.6.1.7 That the matter be referred to the Labour Relations Board (under Section 77 of the Industrial Relations Act of British Columbia).

11.7 Training

Where technological change may require additional knowledge and skill on the part of a regular faculty member, such regular faculty member shall be given the opportunity to study, practice and train to acquire the knowledge and skill necessary to retain their employment, provided the regular faculty member can qualify for the new work within a reasonable training period. The College agrees to pay regular faculty members at their prevailing rate of pay with benefits during such training period.

12. GENERAL PROVISIONS

12.1 Copy of Agreement

A copy of this Agreement shall simultaneously be sent by the College to every person when offered an appointment as a regular or temporary faculty member.

A potential regular faculty member will be advised in the initial offer of appointment whether the President or delegate considers them to possess an appropriate Master's degree or its equivalent for purposes of this Agreement.

12.5 Seniority

12.5.1 Seniority shall be calculated in the following manner:

- a) All regular faculty receive one twelfth (1/12th) of a year seniority per full-time month on contract, and pro rata. A change in instructional rotation (of teach versus non-teaching terms within a given contract) for regular faculty will not affect the accumulation of seniority.
- b) Temporary per-diem instructional faculty receive one eighth (1/8th) of a year seniority per full-time month on contract, and pro rata.
- c) Non-instructional temporary per-diem faculty receive one tenth (1/10th) of a year seniority per full-time month on contract, and pro rata.
- d) Notwithstanding the foregoing, no faculty may earn more than one (1) year of seniority within any twelve (12) month (May 1 to April 30) period.

- Faculty members appointed to a first contract on an emergency basis under the provision of Article 10.2.3.2 shall accumulate seniority only when they have been offered and accepted a subsequent contract.
- 12.5.1.2 The College shall annually, on April 1st, provide the Association with a complete seniority list indicating the type of appointment currently held by each faculty member, the commencement date of employment and the total seniority.
- 12.5.1.2.1 The seniority list shall be posted for a period of fifteen (15) calendar days to allow faculty members to identify any errors or omissions.
- 12.5.1.2.2 The Association shall provide corrections and amendments to the College within thirty (30) calendar days of posting.
- 12.5.2 Having acquired seniority in accordance with the foregoing, the faculty member's seniority shall be retained and shall continue to accumulate while the faculty member is absent because of:

 - b) accident;
 - c) vacation;
 - d) approved leave of absence.
- 12.5.3 Seniority shall be lost however, if the faculty member:
- a) retires;
 - b) voluntarily leaves the service of the College;
 - c) is discharged for cause;
 - d) after layoff, fails to report for work within seven (7) days after notification of reappointment to their address on record with the College.
- 12.5.4 Notwithstanding Article 12.5.3 above, faculty members whose employment is discontinued for other than cause, or do not submit a written resignation, shall retain their seniority for a period of two (2) years plus one (1) working day from the date of their last period of employment for the purpose of Article 10.2.4.1.

12.6 Offices

12.6.1 The College and the Association are committed to the principle that every faculty member who works on campus full-time shall be assigned to an individual office.

12.6.2 A Letter of Understanding attached to this Collective Agreement establishes a joint committee to develop guidelines for office allocation.

12.7 Technology

The College and the Association are committed to the principle that the College provide all faculty with current technology to do their work.

13. HUMAN RIGHTS

The College and the Association subscribe to the provisions of the BC Human Rights Code.

13.1 Freedom from Discrimination

Every faculty member has the right to equal treatment by the College with respect to all aspects of the exercise of its managerial authority. Equal treatment shall be without discrimination, interference, restriction or coercion exercised or practised because of race, ancestry, place of origin, colour, ethnicity, citizenship, creed, religion, political affiliation or activity, sex, age, marital status, family status, place of residence, disability, medical history, sexual preference, personal lifestyle, gender identity or expression, or membership or activity in the Association.

13.2 Harassment

13.2.1 Statement of Commitment

The College promotes teaching, scholarship and research and the free and critical discussion of ideas.

The parties are committed to providing a working and learning environment that allows for full and free participation of all members of the Langara College community. Harassment undermines these objectives and violates the fundamental rights, personal dignity and integrity of individuals or groups of individuals. Harassment is a serious offence that may be cause for disciplinary sanctions including, where appropriate, dismissal or expulsion.

The College has a responsibility under BC's Human Rights Code to prevent harassment and to provide procedures to handle complaints, to resolve problems and to remedy situations where harassment occurs.

The College will offer educational and training programs designed to prevent harassment and to support the administration of the Langara College policies and to ensure that all members of the College community are aware of their responsibility with respect to the policy.

The Association and Employer agree that attendance is required and will take place during compensated work time.

13.2.2 Definitions

13.2.2.1 Harassment is a form of discrimination that adversely affects the recipient on one or more of the prohibited grounds under the BC Human Rights Code [R.S.B.C. 1996 c.210].

Harassment as defined above is behaviour or the effect of behaviour, whether direct or indirect, which meets one of the following conditions:

- (a) is abusive or demeaning;
- (b) would be viewed by a reasonable person experiencing the behaviour or effect of the behaviour, as an interference with their participation in an institutional related activity;
- (c) creates a poisoned environment.

The grounds protected against discrimination by BC's Human Rights Code [R.S.B.C. 1996 c.210] are age, race, colour, ancestry, place of origin, political belief, religion, marital status, family status, physical or mental disability, sex, sexual orientation and, in the case of employment, unrelated criminal convictions.

13.2.2.2 Sexual Harassment is behaviour of a sexual nature by a person who knows or ought reasonably to know that the behaviour is unwanted or unwelcome; and

- (a) which interferes with another person's participation in a College-related activity; or
- (b) leads to or implies employment, or academically-related consequences for the person harassed; or
- (c) which creates a poisoned environment.

13.2.3 Procedures

13.2.3.1 Mediation

When the College receives a complaint involving an individual covered by this Collective Agreement, the parties will initiate a mediation procedure at the bargaining unit level. The mediation process is the recommended avenue of resolution. Consensual mediation will require the agreement of the complainant and the alleged harasser to use the following process:

- (a) the parties will discuss the nature of the complaint and agree upon who will conduct the mediation;
- (b) the mediation process and resolution will be kept strictly confidential by all participants;
- (c) where a resolution is reached, the complainant and the alleged harasser must agree in writing to the resolution and the matter will then be considered concluded;
- (d) no record of the mediation except the written agreed resolution will be placed on a faculty member's file. The written resolution will be removed from the faculty member's file after 12 months unless there has been a subsequent complaint of harassment against the faculty member within the 12 month period.

13.2.3.2 Investigation

Where either the complainant or alleged harasser does not agree to mediation, or no resolution is reached during the mediation, the complaint will be referred to an Investigator selected from a list agreed to by the parties.

The parties will jointly agree to the Investigator.

An Investigator will be appointed within ten (10) working days of referral.

The referral should, where possible, include a written statement from the complainant and the alleged harasser which succinctly outlines the issue(s) in dispute. The referral should be assembled by the College and forwarded to the Investigator with a copy sent to the Association.

The appointment of an Investigator does not preclude an Investigator from mediating the dispute where possible.

Any complaint of harassment will be kept confidential except as is necessary to investigate and resolve the issue. Investigators will stress the confidentiality of the investigation with the person(s) interviewed.

13.2.3.3

Terms of Reference of the Investigator

- (a) The purpose of the Investigator will be to ascertain facts.
- (b) All persons quoted in the investigation will be named by initials.
- (c) The report of the Investigator will be given, in confidence, to the Association and the College. It is the responsibility of the College to forward a copy of the report to the complainant and the respondent. The College will state, in a covering letter, that the report is confidential. The report should refer to individuals involved by initials only. However, a key will be provided to the Association and the College for internal use. Upon consultation with the Association, the College may redact information from the report when necessary to comply with its obligations under the Freedom of Information and Protection of Privacy Act.
- (d) The report will not be introduced as evidence or have standing in any arbitration, or other legal procedure. This does not preclude the parties from reaching an Agreed Statement of Fact based upon facts in the report in preparation for an arbitral proceeding.
- (e) **Reliance on Report of Third Party Investigator**
Despite 13.3.3.3 (d), College is entitled to rely on the fact of mediation or the report of a third party Investigator as evidence that may mitigate liability in a proceeding that follows receipt of the third party Investigator's report.

The College is entitled to rely on the Investigator's report as evidence that it acted in good faith in any disciplinary action that it undertook following receipt of the third party Investigator's report where the issue of good faith is raised by a grievor or the union.

- (f) The Investigator will not be compellable as a witness in any arbitration or other legal procedure which may result from the investigation.
- (g) The Investigator will conclude their work within ten (10) days of appointment and will render a report within a further five days. These timelines may be extended if deemed appropriate by the Investigator and if then agreed to by the parties. If requested by the Investigator,

the College will provide meeting space and contact information about persons to be interviewed.

(h) The Investigator may, as part of their report, make recommendations for resolution of the complaint.

(i) The Investigator's report will not be placed on a faculty member's file.

13.2.3.4 Findings

The College will make a written determination based upon the facts and recommendation, if any, within ten (10) working days of the receipt of the Investigator's report. Extensions of this time period shall be made only by agreement of the parties in writing.

The determination will:

(a) state the action(s), if any, to be taken or required by the College.

(b) include, where appropriate, a statement of exoneration.

13.2.3.5 Rights of the Parties

Should a complainant file a complaint under the provisions of the Human Rights Code, it is understood that the Human Rights Code complaint will be set aside until such time as the procedures under this article have been completed.

Where an allegation includes complaints under the definitions in Article 13.2 and also personal harassment complaints in 13.3, the parties may agree to have the Investigator investigate all of the complaints, in order to relieve against expense and duality of process.

13.2.3.5.1 The above noted procedure does not restrict:

(a) The College's right to take disciplinary action;

(b) The Association's right to grieve such disciplinary action or to grieve an alleged violation of this article.

13.2.3.5.2 The report of the Investigator may be used in the development of an Agreed Statement of Fact for an arbitral proceeding.

13.2.3.6 False Complaints, Breaches of Confidentiality and Retaliatory Action

Frivolous, vexatious or malicious complaints of harassment or breaches of the confidentiality provisions of this clause or retaliation in respect of a complaint may result in discipline.

Should retaliation be alleged following the filing of a complaint, an Investigator may deal with that allegation and make a finding.

13.2.3.7 Discussion

The parties will meet as necessary to facilitate the administration and other aspects of the application of this article including issues arising under 13.5.8 below.

13.2.3.8 Relation to Other Agreements

Where a complaint under Article 13 involves individuals who are covered by another collective agreement the parties will meet to clarify and agree upon a procedure.

13.3 Personal Harassment

The College shall provide all faculty members a work environment free from personal harassment. All faculty members have the right to be free from personal harassment.

13.3.1 Notwithstanding the definition(s) of harassment that may from time to time appear in the College Harassment Policy, for the purposes of this Article, personal harassment is defined as behaviour directed towards a specific person or persons that would be considered by a reasonable person to create an intimidating, humiliating, hostile or poisoned work or learning environment.

Without limiting the generality of the foregoing, personal harassment may include:

- a) physical threat, intimidation, or assault, or unwelcome physical contact such as touching, patting, pinching and punching; or
- b) implied or expressed promise of reward or threat of reprisal, or the denial of opportunity for refusal to comply with a request which is unrelated to a Faculty member's assigned duties; or
- c) the improper use of power and authority inherent in the position held, to endanger a Faculty member's job, threaten the economic livelihood of the Faculty member, or in any way interfere with or influence the career of such a Faculty member.

13.3.2 Faculty members may process complaints about personal harassment through the grievance procedure, subject to the following:

- a) where a person who is the subject of the complaint is the College representative at any step of the grievance procedure, then the Association may bypass that step of the procedure or present the grievance to another appropriate College representative;
- b) College or Association representatives, in the course of investigating a complaint of harassment shall have regard for the privacy and confidentiality of the grievor and all faculty members involved in the complaint;
- c) an arbitrator, in the determination of a complaint of harassment, may take reasonable steps to protect the interest of all parties in privacy and confidentiality in the determination of procedural and evidentiary matters, subject to the requirement of fairness to all parties;
- d) where the complainant and the person who is the subject of the complaint are both members of the bargaining unit, then the arbitrator seized of a grievance of harassment, shall also have jurisdiction in respect of any grievance arising from related discipline of the faculty member who is the subject of the complaint.

13.3.3 Where a faculty member has made a personal harassment complaint that also includes a complaint under the definitions of Article 13.3, the parties may agree to have an Investigator investigate all of the complaints, in order to relieve against expense and duality of process.

22. EARLY RETIREMENT INCENTIVE

The College may offer to a faculty member or a faculty member may request a choice of one of the early retirement incentive alternatives described herein, provided the faculty member meets the following criteria. The Association shall be advised in writing of any offer of early retirement made to a faculty member.

22.1 Eligibility

A faculty member who possesses the following qualifications shall be eligible for an early retirement incentive:

- a) is a regular faculty member on continuing appointment at the time of early retirement;
- b) is age fifty-five (55) or over;
- c) has a minimum of ten (10) years' contributory service under the College Pension Plan **Rules** or as a regular faculty member with the College;
- d) is on the maximum step of the salary scale;
- e) resigns for the purpose of retirement.

22.2 Selection Criteria

In considering applications for early retirement incentive from eligible faculty, should the College determine it will be unable to offer an incentive to all who have applied, it will use the following criteria in ascertaining the faculty members to whom such offers should be given:

- a) faculty members with less time remaining prior to retirement shall be given preference; and
- b) in the event that two or more faculty members have the same amount of time remaining prior to retirement, then faculty members with greater seniority shall be given preference.

22.3

Application and Agreement

- a) Application to the plan is voluntary. A faculty member who wishes to be considered for an early retirement incentive shall do so in keeping with the procedures and dates described in the College's annual "letter of interest" sent to eligible faculty. Such application would then be considered a standing application for the following twelve-month period. Applications must be submitted annually in response to the College's "letter of interest". The Association shall be advised in writing of all applications made by faculty members.
- b) A faculty member has the right to accept or decline an early retirement incentive offer made by the College within thirty (30) days of the offer being proposed unless that period is extended by mutual agreement.
- c) In the event of acceptance of an offer of early retirement incentive, a faculty member's date of retirement shall be effective on a date mutually agreed upon between the faculty member and the President or delegate, in keeping with legislation and the maintenance of full years to retirement upon which the incentive was calculated. All earned vacation entitlements shall be utilized prior to the date of retirement.
- d) The individual early retirement incentive agreement shall be in writing and shall specify the early retirement date, the agreed-upon incentive option, payment dates and specific dollar amount of the incentive. The Association shall be copied on all agreements.

Eligible bargaining unit members may opt for a partial early retirement with a pro-rated incentive.

22.4

Early Retirement Incentive and Reduction Sequence

- a) Where it is deemed possible to offset the impact of the Reduction Sequence (Article 10.5.3.3) through the offering of early retirement incentive to a faculty member (who qualifies as per Article 22.1 above), an incentive shall be offered if the cost of such incentive is

the same as or no more than the cost that would be incurred through layoff or transfer of another regular faculty member.

- b) Such offers may be made at any time during the year and need not be part of the exercise described in Article 22.3 a) above.
- c) Notwithstanding the possibility of effecting an early retirement, advance notification of layoff or transfer pursuant to Article 10.5.3.2 may be given to the affected regular faculty member while the faculty member to whom early retirement has been offered is considering that offer.

22.5

Incentive Alternatives and Method of Incentive Payment

a) Lump Sum Payments

The retiring allowance shall be paid in annual instalments, to a maximum of three (3) instalments of one-third of annual salary, to be paid on agreed-upon dates acceptable to the faculty member and shall be based on scale salary* without allowances at the date of retirement (i.e. last day worked) in the following amounts:

<u>Full Years to Retirement</u>	<u>Pay Out</u>
1	20% of annual salary
2	40% of annual salary
3	60% of annual salary
4	80% of annual salary
5	100% of annual salary

*This amount could be subject to change by virtue of a new or renewed Collective Agreement that provided a salary increase applicable on the last day worked.

b) Monthly Payments

The retirement allowance determined in keeping with the above shall be paid into a pre-designated Registered Retirement Savings Plan (within legislated allowable levels) or Trust Fund in the name of the retired faculty member, to provide, at the discretion of the retired faculty member, a bridging pension income on or after age fifty-five (55).

Payments into the Plan or Trust Fund shall be made monthly and shall be in the amount of 20% of the retiring faculty member's pre-

retirement monthly salary without allowance, and shall continue until the full retirement allowance is paid or, in the case of a Registered Retirement Savings Plan, until the legislated allowable limit for deposit has been reached, whichever comes first. In the event the legislated allowable limit for deposit is reached and payments remain outstanding, the remaining funds will be payable in a lump sum to the retired faculty member in accordance with Article 22.5 a) above.

Payments into the Plan or Trust Fund shall commence on the first (1st) day of the month coincident with, or next following, the date of early retirement. In the event the retired faculty member dies prior to the full retirement allowance being paid into the Plan or Trust Fund, any payments outstanding shall be payable by the College in a lump sum amount to the estate of the deceased.

22.6 Protection of Benefit Coverage

- a) Early retiring faculty in receipt of a College Pension may obtain extended health benefit coverage through the Pension Corporation when filing a claim for pension. Appropriate deductions will be made from monthly pension on a premium shared basis.

Note: Pensioners who decline the extended health benefit coverage at retirement will not be eligible for coverage later unless they can prove continuous coverage under an extended health care plan (e.g. coverage under spouse's plan).

- b) Early retiring faculty not immediately commencing receipt of a College pension may elect to continue their extended health* benefit coverage through the College during the period preceding receipt of pension (but in any event, not longer than five (5) years following retirement) provided that:
 - i) written notification of the intent to continue these benefits is provided to the Human Resources Department six (6) weeks prior to date of early retirement;
 - ii) the individual maintains BC residency; and
 - iii) the participant prepays all premium costs.

*Coverage will be under a separate group for retirees at a reduced level.

22.7 Financial Counselling

Each faculty member who is offered an early retirement incentive is entitled to receive personal financial counselling conducted by a firm of qualified financial consultants selected by the College. A lifetime total of three (3) hours of consultation is available and the fees for such consultation(s) will be paid by the College. After obtaining the necessary Certificate of Entitlement from the Human Resources Department, each faculty member will be free to schedule these consultations in whatever manner is most beneficial or convenient to that faculty member.

In addition, each faculty member who is offered early retirement incentive is eligible to attend one of several College-sponsored pre-retirement planning workshops held annually.

22.8 Implementation

The Association and the College agree to establish a standing committee comprised of two (2) representatives from each party which shall receive requests for early retirement incentive and make recommendations to the President or delegate for the implementation of this Article.

On April 1st of each year, the College will allocate an amount equal to no less than 0.9% of total faculty salary (exclusive of severance payments) to the Professional Development Support Fund, and an amount equal to no less than 0.6% of total faculty salary to the Educational Leave Fund. **At date of ratification, an additional one-time allocation of \$165,000 will be made to the Professional Development Support Fund.** Any unused balances in these funds shall carry over to the next budget year.

23.1.2 The College agrees to provide the Association with the authority to administer the program on behalf of the College for those activities approved by the College in accordance with 23.2, 23.4 and 23.5.

23.1.3 Nothing in this Agreement prevents the College from funding professional development activities in addition to those activities supported through the Professional Development Funds (23.1.1) in accordance with the procedures described in this Article.

23.2 Categories of Professional Development

23.2.1 There shall be two categories of professional development supported by the Professional Development Funds: educational leaves and professional development activities as defined in 23.2.2 and 23.2.3.

23.2.2 Education Leave Activities

Educational leave is a period of subsidized leave enabling a faculty member to be freed from regular responsibilities and to be provided with sufficient resources to enable pursuit of educational or professional development recognized as beneficial to the College. The welfare of the College and the professional competence of the faculty members are among the prime considerations of the Educational Leave Committee in recommending leave. Proposals should fall into one or more of the following categories:

 - b) directed research at an educational institution, research body, government body, etc.;

Its membership shall be the President or their delegate, an Academic Dean or their delegate, a Division Chair, the Vice-President of the Association or their delegate, and a member-at-large of the Association nominated by the Association. The Educational Leave Committee carries out those functions described in 23.4.

23.4.1.4 Approved educational leave shall be at the rate of **85%** of salary and allowances.

23.4.1.5 Faculty members on educational leave may draw bursaries, grants, scholarships and/or salaries, which supplement their financial resources.

Any compensation which, together with leave salary, would exceed 100% of the salary normally received if not on educational leave shall reduce the College's contributions accordingly. Travelling expenses or special allowances awarded under the terms of any scholarship or grant shall not affect the faculty member's salary.

23.4.1.6 During a period of educational leave, the faculty member's vacation and professional development entitlements, and all benefits shall accrue as if the faculty member were not on leave. (Premium contributions by the College and the faculty member for employee benefits will be continued during educational leave. The leave period will count in full for increments).

23.4.1.7 For the purpose of employee benefits and contributions to the benefit plans, the faculty member on educational leave is regarded as a full-time employee of the College (subject to carrier conditions). The College shall maintain its share as set down in this Agreement. The faculty member may make any additional employer and employee contributions required by the College Pension Plan **Rules** to ensure that the faculty member is credited with full-time pensionable service at full salary while on educational leave.

23.4.1.8 The faculty member within one (1) month of return to duty must submit to the President or delegate satisfactory evidence of having carried out the purpose for which the leave was granted. 23.4.2 Long-Term Education Leave

23.4.2.1 Leave of more than six (6) months to one (1) calendar year shall be considered long-term leave.

23.4.2.2 In order to be granted long-term leave, a regular faculty member must be on a continuing contract or on an additional three-year regular contract.

23.4.2.3 Following the return from education leave, the regular faculty member undertakes to remain in the service of the College at their pre-leave ongoing workload level for a minimum of three (3) years or, with the approval of the Dean, an equivalent thereof (combined duration and workload). Such approval shall not be unreasonably denied. Should this service to the College not be completed, the faculty member shall refund the amount paid by the College to the faculty member during such leave on a pro rata basis.

23.4.2.4 Normally, a faculty member shall not be eligible for a subsequent long-term educational leave until a period of six (6) years has elapsed from the completion of the previous such leave.

23.4.3 Short-Term Educational Leave

23.4.4.3 By January 15, the Educational Leave Committee shall have considered all proposals for educational leave, shall have approved or rejected, in writing, each proposal for educational leave, shall have notified each applicant of the decision, and shall have forwarded its recommendations to the President or delegate. Approval or rejection of a proposal shall be based on the educational merits of the proposal and on the limits of the funds available. Such approval shall not be unreasonably withheld.

23.4.4.4 If the Educational Leave Committee rejects a faculty member's proposal, the committee must provide the applicant with reasons, in writing, at the earliest possible date. The faculty member has two (2) weeks in which to revise the proposal and submit this revised proposal for immediate

reconsideration by the Educational Leave Committee. The committee must review substantial changes in the educational leave proposal, approve or reject them, and forward its recommendations to the President or delegate.

23.5 Procedures for Administering Professional Development Support Funds

23.5.1 All professional development proposals must be approved by the appropriate Department Chair, who will forward them to the appropriate Division Chair, or appropriate Dean where there is no Division Chair, for approval of leave and department funding.

23.5.2 The Professional Development Support Fund Committee shall have the authority, on behalf of the College, to approve dispersal of funds in accordance with its Terms of Reference and with normal College accounting practices.

23.5.3 The Professional Development Support Fund Committee has the responsibility of preparing guidelines for the disbursement of the following:

- a) professional development activity funds through Division Chairs, or the appropriate Dean where there is no Division Chair, to departments;
- b) funds for the use of the Langara Research Committee;
- c) supplementary funds to support short-term professional development activities.

23.5.3.1 Such guidelines shall contain reasonable time lines for the approval and dispersal of funds subject to 23.5.4 and 23.5.5, shall require that faculty members report on activities and provide statements of expenses, and shall include an internal accounting process which conforms to normal College accounting practices.

23.5.4 Faculty members whose leaves have been approved in accordance with 23.5.1 may apply to the Professional Development Support Fund Committee for supplementary funds to pursue professional development activities, such funds being in addition to those normally available from departments. The Professional Development Support Fund Committee will receive faculty members' applications for the use of supplementary funds, approve or reject them, and forward its recommendations to the President or delegate, who will authorize payment.

23.5.5 Professional development funds shall be used for, but shall not be limited to, such activities as attending courses and conferences, travel expenses

and other activities acceptable to the Professional Development Support Fund Committee as described in 23.2.3. Such funds are not to be used for articulation expenses, replacement costs of faculty on approved professional development time or regular College business, for training or education required rather than authorized by the College, or for the purchase of supplies or capital items except where related to activities described in 23.2.2 and 23.2.3.

- 23.5.6 The Professional Development Support Fund Committee is accountable to the College and the Association. A year-end financial summary shall be provided to both parties. Either party has the right to request, in addition to the year-end financial summary, periodic financial statements and details of professional development activities funded.

23.6 Professional Development Leave

Where leave is requested for professional development purposes, it is normally only approved during a non-instructional duty period. Exceptions must be submitted in writing and require approval of the Dean at least one (1) month in advance of the activity.

24. CONTINUING STUDIES

- 24.1 The parties agree that a market-driven Continuing Studies program has a valuable role to play in supporting and complementing the regular offerings of Langara College. Such an operation requires flexibility with respect to tuition fees; curriculum structure; methods, scheduling, cost and location of instruction; and other such matters.

- 24.2 For the purpose of this article, the term “Continuing Studies” shall mean all offerings of the College other than Regular Studies offerings as listed in the Langara College Calendar or its supplements and available through the Langara College Registration Guide and Course Schedule.

- 24.3 The faculty of Langara College shall have a major role through their departments in determining transferability for Continuing Studies offerings in the subject area(s) of the department and shall have an opportunity through their departments to provide input into the content of proposed courses.

- 24.4 This Collective Agreement does not apply to any employee engaged in Continuing Studies unless expressly stated in this article.

- 24.5 CS course or pair of courses or program is equivalent to a Regular Studies course or program if all of the following criteria are satisfied:

- a) same or equivalent learning outcomes;
- b) same or equivalent variety of evaluation methods;
- c) same or equivalent level of support materials,
- d) at least 33 scheduled hours or the equivalent using distributed learning per 3-credit Regular Studies course

When either party has suggested that a Continuing Studies course, pair of courses, or program may be equivalent to a Regular Studies offering, per the above, the Joint Committee on Continuing Studies will review the criteria to determine whether the courses/program offerings are, indeed, equivalent. Those Continuing Studies offerings deemed equivalent will either be amended so that the Joint Committee agrees that they are no longer equivalent to Regular Studies offerings or will be taught under the terms and conditions of this Collective Agreement.

Unresolved disputes over equivalency will be addressed through Article 4 of the Collective Agreement, beginning at Stage II.

- 24.6 The College agrees that the number of sections taught by faculty members in a subject area will not be reduced due to the offerings of Continuing Studies in that subject area.
- 24.7 Faculty covered by this Collective Agreement will be invited to submit proposals for new Continuing Studies course offerings once each semester. If a course proposed by a faculty member is offered, then that faculty member has the right of first refusal to teach the course.
- 24.8 An opportunity to teach a course that is advertised in a Continuing Studies catalogue that has no incumbent instructor assigned will be posted and initially offered to faculty who are deemed by Continuing Studies to be qualified.
- 24.9 Where faculty members instruct Continuing Studies courses other than those satisfying the criteria in 24.5, they shall do so at Continuing Studies rates of pay.
- 24.10 Article 24.5 notwithstanding, if a Regular Studies program is discontinued, after two years up to 50% of the core courses from that Regular Studies program may be offered through Continuing Studies at Continuing Studies rates of pay.
- 24.11 Courses that originated in Continuing Studies and that have subsequently been approved by Education Council for offering as a Regular Studies course will continue to be offered in Continuing Studies at the Continuing Studies rate of pay for up to 5 years. After 5 years, the Continuing Studies course must change to be not equivalent to the Regular Studies course.

- 24.12 Article 24.5 notwithstanding, modularized short courses in Continuing Studies that are equivalent to less than half of a Regular Studies three-credit course will not qualify to be taught by faculty under the provisions of the Collective Agreement.
- 24.13 The Joint Committee on Continuing Studies shall be comprised of the Dean of Continuing Studies, two Academic Administrators, and three faculty members named by the Association.
- 24.13.1 The committee will meet at least once each semester and additionally at the call of either party to decide equivalency as per Article 24.5.
- 24.13.2 The committee will monitor the direction of Continuing Studies course development to avoid duplication with Regular Studies offerings.
- 24.13.3 The committee will monitor the direction of Continuing Studies program development to avoid duplication with Regular Studies offerings.
- 24.13.4 The committee will monitor the communication processes and the forms used to track these processes.
- 24.13.5 The committee will monitor marketing strategies to ensure that Continuing Studies and Regular Studies offerings are being effectively differentiated to the community.

27. JOINT LABOUR MANAGEMENT COMMITTEE

27.1 A Joint Labour Management Committee, with equal representation from the Association and the College Administration, will meet at least once each month (except perhaps for the months of July and August) for the purpose of discussing issues related to the College that affect the parties or any faculty member covered by this Agreement.

27.2 The committee will be co-chaired by the Parties.

28. CONTRACTING OUT

28.1 The College will not contract out:

- (d) any work presently performed by faculty members covered by this Collective Agreement which would result in the layoff of such faculty members, including a reduction in assigned workload, or
- (b) the instructional activities that are contained in the programs listed and/or funded in the approved annual institutional program profile and that are currently performed by bargaining unit employees.

29. RIGHT TO ASSOCIATION REPRESENTATION

When there is a reasonable expectation that discipline of a faculty member will result from a meeting with that faculty member, the College shall advise

the faculty member of the right to have an Association representative present.

The College shall also notify the Association that such a meeting is being scheduled (without identifying the faculty member).

30. DISTRIBUTED LEARNING

The Parties agree that participation in Educational Technology and Distributed Learning is important and valuable.

30.1 Distributed learning includes, but is not limited to, print-based education courses, online or web-based instruction, video-conferencing, teleconferencing, instructional video and audio tapes, hybrid or mixed-mode programs and courses.

30.3 The College shall provide the necessary technological and human resources for faculty members developing and delivering the program and courses.

30.4 The College shall provide the necessary and appropriate training in the use of relevant educational technology for faculty members approved to develop and deliver distributed learning programs and courses.

30.5 Faculty members delivering distributed learning programs/courses shall not be required to provide technical support to students taking distributed learning courses.

30.6 Faculty members shall not be required to deliver distributed learning programs/courses from their home. Faculty members delivering or developing distributed learning courses shall be provided with office space and the appropriate technology to support them in their work.

30.8 No regular faculty member will be laid off as a direct result of the introduction of distributed learning.

31. INTERNATIONAL EDUCATION AND FIELD SCHOOLS

The Parties agree that participation in international education and field schools is important and valuable.

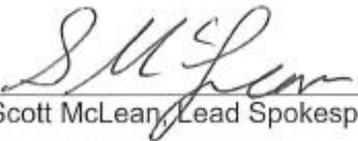

31.1 Faculty participation in international education and field schools is voluntary.

31.2 A regular faculty member who participates in an international education project or a field school and for whom that participation will constitute an overload for the fiscal year shall, at the option of the faculty member, receive either:

- (i) the salary for the overload based on the per diem rate that would be paid for a temporary term appointment at the step of the salary scale at which the employee is placed, or
- (ii) a reduction of workload in a subsequent year that is commensurate with the amount of the overload.

Effective January 1, 2007, a regular faculty member may select option (i) above no more than six (6) times in any ten (10) year period, or to a maximum of six (6) sections in any ten (10) year period.

RE: PROBATIONARY YEAR EVALUATION REPORT - ARTICLE 10.4.2.3.1

This will confirm the agreement of the parties to the following understanding:

1. The intent of the evaluation timing Article (10.4.2.3.1) is to provide at least 2 full instructional terms upon which the evaluation will be based.
2. The parties agree that it is highly undesirable to have a rotation of instruct, off, instruct in any appointment and that such rotation will be avoided wherever possible.
3. The deadline for submission of the Evaluation Committee's report for faculty members in their probationary year whose non-instructional term is in term 2 will automatically be extended to ensure sufficient time is available to complete the evaluation.
4. The parties further agree that the probation may be extended beyond one year by mutual agreement of the parties, where insufficient time has been available to conduct an appropriate evaluation as in 1. above. This extension must be confirmed in writing.
5. This extension will not reduce the 3-month notice of termination required in Article 10.3.1, however, the parties agree that notice can be paid in lieu and can be given at any time prior to the end of the probationary year.

RE: FIELD SCHOOL OVERLOADS (per Article 31.2(i))

The parties agree that regular faculty who teach in field schools shall wherever possible teach the field school sections as part of their usual annual workload.

If a regular faculty member's field school teaching is an overload for the fiscal year (under the conditions of Article 31), and if the overload occurs during their usual non-teaching term, then while the course is in progress the regular faculty member will be deemed to have taken one month of vacation when they have taught one overload field school section.

If an overload section is taught within one month or six weeks, then the College deems that the regular faculty member has taken one month of vacation, and the regular faculty member will have one month of vacation, and 2 months of NID to be scheduled before the end of that term.

A regular faculty member who teaches an overload section in a field school will be paid for the overload course in addition to the faculty member's usual salary in accordance with Article 31.2(i) and may not opt to be compensated in accordance with Article 31.2(ii).

RE: OVERLOADS

Notwithstanding the provisions of Article 31.2, the parties agree that the use of overloads should be minimized. Where the Department Chair, Division Chair and Dean agree that an overload is necessary to ensure the availability of a qualified faculty member, then the overload will be offered in a fair and equitable manner to all interested, available and qualified faculty in the department. Overloads will normally be offset by a corresponding underload within the twelve (12) month period immediately following completion of the overload contract.

Payout of overloads will only occur with the approval of the Dean.

Appropriate use of overloads includes the following situations:

- Emergency hires
- Demonstrated inability to recruit (internally and externally) a qualified faculty member
- Other situations as approved by the Dean

Overloads of less than four (4) months in duration or less than ¼ time will usually be exempt from this overload/underload practice.

Application of this LOU to situations other than Emergency hires:

Langara College and the Langara Faculty Association agree to the principle that the use of overloads should be minimized, namely only after available work has been offered to faculty in accordance with Article 10.

The following clarifies the parties' intent regarding the application of that LOU.

1) Offering Available Work

1.1 Available work must be offered to faculty according to the following priorities described in Article 10, namely

1.1.1 Qualified part time regular faculty within the department (no posting required) (Article 10.3.5.4)

1.1.2 Qualified part time temporary faculty within the department (no posting required) (Article 10.3.5.6)

1.1.3 Qualified faculty from other departments (internal posting required) (Article 10.2.4.2 & LOU – Overloads) in the following priority:

- a) Available work will be offered outside the department first to qualified part-time regular faculty and then offered to qualified part-time temporary faculty.
- b) If no qualified part time regular or temporary faculty are willing to take the work it will first be offered to qualified full-time faculty within the department and then offered to qualified full-time faculty from other departments. Pursuant to Section 1.2 below, work will be offered to qualified full-time faculty under the conditions listed.

Part time faculty referred to in 1.1.1 to 1.1.3 above are faculty who have less than a total of full-time work at the College (some faculty may have part-time work in one or more departments).

1.1.4. External applicants (external posting/recruitment) (Article 10.2.4.7)

A department may simultaneously post a vacancy internally and externally; however, as per Article 10.2.4.7, the selection committee may not consider any external applications unless it has determined there to be no qualified internal applicant.

1.2 Under the following conditions, work will be offered to a qualified full-time faculty member:

Definition: A section of work, for the purpose of this LOU, is the number of workload units (typically 1.33 or 1) given to a course in a faculty member's home department.

A faculty member will not be offered overload assignments totalling one section or more in the period ending April 30 of the next even-numbered year.

Where the faculty member is offered an overload assignment, qualified full-time faculty will opt for one of the following:

- To be paid for the overload at the time it is worked;
- To relinquish their existing work in order to do the available work thereby removing them from an overload situation; or
- To do an unpaid overload followed by an equivalent under-load in a subsequent term.

2) Tracking

The Office of the Academic or Non-Academic Deans will track overloads for all instructional and non-instructional faculty.

RE: EXPEDITED ARBITRATION

The parties agree that the following expedited arbitration process will be used for the resolution of grievances:

1. Expedited Arbitrations

Where a difference arises relating to the interpretation, application or administration of this agreement, including where an allegation is made that a term or condition of the agreement has been violated, either party may, after exhausting the steps of the grievance procedure under this agreement, notify the other party within six (6) working days of receipt of the Stage II grievance step reply, of its desire to arbitrate and to submit the difference or allegation to expedited arbitration before a single arbitrator.

2. Issues for Expedited Arbitration

(a) All grievances except those relating to the following shall be resolved by expedited arbitration:

- i. Dismissals;
- ii. Suspensions in excess of five (5) working days;
- iii. Policy grievances;
- iv. Grievances requiring substantial interpretation of a provision of the collective agreement;
- v. Grievances requiring the presentation of extrinsic evidence;
- vi. Grievances where a local party intends to raise a preliminary objection; and
- vii. Grievances arising from the duty to accommodate.

(b) Those grievances not suitable for resolution at expedited arbitration, as listed under section 2(a) above, may be referred to arbitration under the provisions of Article 4.

(c) By mutual agreement, a grievance falling into any of the categories as listed under section 2 (a) above, may be placed into the expedited arbitration process.

3. Expedited Arbitrators

The following arbitrators shall be selected on the basis of the person who is available to hear the grievance within thirty (30) calendar days of appointment, on a rotating basis. - John Hall
- Mark Brown
- **Rick Coleman**

- **Randy Noonan**
- **Amanda Rogers**
- **Jacquie de Aguayo**
- **Ken Saunders**

If none of the listed arbitrators is available within thirty (30) calendar days, the local parties shall agree to another arbitrator within thirty (30) calendar days. The parties may agree to select an arbitrator not on this list, by mutual agreement.

4. Process

As the process is intended to be expedited, lawyers shall not be retained to represent either party. This does not preclude either party from using staff who may be lawyers.

5. Agreed Statement of Facts

The parties shall develop an agreed statement of facts and shall exchange reliance documents prior to the hearing. Disclosure of relevant or potentially relevant documents is a mutual and ongoing obligation before and during the particular hearing.

6. Written Submission

By mutual agreement, written submissions may be used in place of a hearing. Submissions shall be in standard format and will not be more than ten (10) pages long.

7. Procedure

All presentations shall be short and concise and are to include a comprehensive opening statement. The parties shall make limited use of authorities during their presentations.

8. Mediation

- a) Prior to rendering a decision, the arbitrator may assist the parties in mediating a resolution to the grievance.
- b) Where mediation fails or is not appropriate in the opinion of the arbitrator, a decision shall be rendered as contemplated herein.

9. Issuance of Decision

The decision of the arbitrator is to be completed on the agreed form and mailed to the parties within three (3) working days of the hearing.

10. Status of the Decision

- a) All decisions, including mediated settlements, under this expedited arbitration process are limited in application to the particular dispute and are without prejudice. The

decisions shall have no precedential value and shall not be referred to in any subsequent proceeding. The expedited arbitrators shall include statements to this effect at the beginning of their decision.

RE: COST OF LIVING ADJUSTMENT

Definitions

“General Wage Increase” or “GWI” means the overall general wage increase expressed as a percentage.

“Cost of Living Adjustment” or “COLA” means a percentage-based general wage increase adjustment provided in accordance with this Memorandum of Agreement. COLA is an upward adjustment applied to and folded into all wage rates.

The “annualized average of BC CPI over twelve months” (AABC CPI) means the *Latest 12-month Average Index % Change* reported by BC Stats in March for British Columbia for the twelve months starting at the beginning of March in the preceding year and concluding at the end of the following February.

The “Latest 12-month Average Index”, as defined by BC Stats, is a 12-month moving average of the BC consumer price indexes of the most recent 12 months. This figure is calculated by averaging index levels over the applicable 12 months.

The *Latest 12-month Average Index % Change* is reported publicly by BC Stats in the monthly BC Stats *Consumer Price Index Highlights* report. The BC Stats *Consumer Price Index Highlights* report released in mid-March will contain the applicable figure for the 12-months concluding at the end of February. The percentage change reported by BC Stats that will form the basis for determining any COLA increase is calculated to one decimal point. For reference purposes only, the annualized average of BC CPI over twelve months from March 1, 2021 to February 28, 2022 was 3.4%.

COLA

The COLA will be applied as applicable to the GWI effective on April 1, 2023 and April 1, 2024. The COLA will be calculated by determining the difference between the AABC CPI and the annual general wage increase to the maximum COLA prescribed that year in Wage Schedule – Grids.

April 2023

If the 2023 AABC CPI exceeds the April 2023 GWI of 5.5%, then, on April 1, 2023 the April 2023 GWI will be adjusted upwards to reflect a COLA equal to the difference between the April 2023 GWI and the 2023 AABC CPI up to a maximum of 1.25%.

April 2024

If the 2024 AABC CPI exceeds the April 2024 GWI of 2.0%, then, on April 1, 2024 the April 2024 GWI will be adjusted upwards to reflect a COLA equal to the difference between the April 2024 GWI and the 2024 AABC CPI up to a maximum of 1.00%.

GUIDELINES FOR EVALUATION

The Langara Mission statement provides direction for the type of education provided for students and the ways that this education is provided at Langara.

“...Langara College provides flexible, innovative and student-centered education; develops a mastery of skills, analytical abilities, and creativity in its students; fosters tolerance, self-respect, and respect for the rights of others. It encourages the pursuit of knowledge through a multi-disciplinary and varied curriculum ... with a diversity of modes of delivery while integrating knowledge with practice, individual growth with social responsibility, and personal enrichments with skills development.”

It is in accordance with this expression of our institution’s purpose that an evaluation of the performance of the instructional and non-instructional duties of a faculty member is to be made.

This evaluation is made for the purpose of examining suitability for further appointment or for the continuation of appointment. The process of evaluation should provide a faculty member the opportunity to review suggestions from their evaluation committee and discuss methods for enhancement of their abilities and remediation of any areas where need for improvement has been identified.

GENERAL PRINCIPLES FOR EVALUATION

The Evaluation Committee is primarily responsible to assess the suitability of a faculty member for appointment by measuring and evaluating the degree to which the faculty member fulfills assigned duties, and the extent to which the faculty member is successful in the classroom and other areas with students. Measures of success include positive classroom atmosphere, proficient lecturing, questioning and other student-related speaking skills, facility at laboratory demonstration and the use of audio-visual aids, and effective communication with colleagues. For faculty whose primary areas of responsibility do not involve classroom instruction, departments shall define the appropriate comparable areas to be evaluated.

While the Evaluation Committee shall consider matters such as professional development and general service to the College and community, these must not be determining factors for a satisfactory evaluation.

In all instances where applicable to the normal duties of the faculty member, the Committee shall base its recommendations upon appropriate criteria of instructional, counselling, and library work with students. Satisfactory performance in these activities shall be the determining criteria for assessing suitability for further appointment or continuation of appointment.
